<p>1. Please describe how your business will ensure that no one under the age of 21 is admitted, and how your business will educate patrons on the risks of marijuana use by minors.</p> <p>Upon entry, all patrons MUST present their valid identification that shows they are at least 21 years of age. After verification, they may browse the consumer sales area.</p> <p>All patrons are reminded that providing cannabis to minors is not only advised against, it is illegal.</p> <p>All packaging displays "For Use By Adults 21 & Over" as well as "Keep Out Of Reach Of Children".</p> <p>All patrons receive the OLCC warning about minors and marijuana.</p>

2. Please describe how your business will prevent cannabis products from being consumed around or near your business.

Staff regularly educates both tourists and residents regarding the laws against public consumption.

We also request that in addition to respecting the laws, that they respect our neighbors with regards to consuming in the area.

Singage indicates the laws around consumption.

3. Please describe how your business will prevent and address potential negative impacts to neighborhood livability such as noise, parking, garbage, or loitering from your patrons.

Employees park in designated areas designed to relieve congestion and allow the area room for patrons. We have yet to receive a noise complaint in 4 years, and we regularly cleanup after both our patrons and the local unhoused population. Reaching management as a member of the neighborhood is as easy as a visit or a phonecall!

4. Please briefly describe your business's process to respond to and resolve complaints and/or concerns from neighboring businesses or residences.

Business complaints are directed to ownership for immediate resolution. Both owners have work specific emails to deal with such issues, and cell phone numbers available to concerned community members. This is another area where we are proud to have never received a complaint.
