Phone Number: 9715062731	Email: nicole@gogreenhop.com			
Website: gogreenhop.com	Facebook link: <small>Optional</small>			

1. Please describe how your business will ensure that no one under the age of 21 is admitted, and how your business will educate patrons on the risks of marijuana use by minors.

Green Hop (Green Jazz) is committed to making a positive impact on the communities it serves. During non-business hours, all exterior doors will be locked and the alarm and motion detector armed. During business hours, state or government issued IDs will be checked at the time of sale and upon entering the premises. Any person under 21 years of age will be refused access and if any team member checking the ID has any reason to believe the ID of a customer is invalid, the customer will be refused service and asked to leave the premises. If they do not leave law enforcement will be contacted and all incidents will be noted in the log kept at the location.

As a further deterrent, there will be ample signage outside the entrance and inside the dispensary to clarify that no persons under 21 years of age will be admitted. OLCC compliant signage such as "No Minors Permitted Anywhere on Premises" will be posted. Team members will be trained to observe and challenge anyone who appears to be below the required age.

To further dissuade availability to minors, potentially through legitimate patrons purchasing marijuana at the licensed premises, we will have a combination of mandatory (e.g. OLCC or other authority required) labeling and signage, as well as additional educational signage and materials that will be used. For example, we will post health warnings, offer educational materials, such as "Educate Before You Recreate" and other similar assets made available by regulatory or health authorities. In addition, we will work with industry associations and organizations to educate patrons and the marijuana inclined public to be educated via ads, pamphlets, signage and/or other means about the risks of marijuana access and use by minors.

2. Please describe how your business will prevent cannabis products from being consumed around or near your business.

Green Jazz will strictly enforce the prohibition against cannabis consumption at its dispensary, and the vicinity. This can best be addressed by proper signage and warnings posted in and around the licensed premises including OLCC mandatory signage such as "No On-site Consumption" and "Marijuana-infused Products May Not Be Consumed In Public" both in english and Spanish

Futhermore, team members will be trained to observe such activity and notify anyone consuming product on property cease and desist. Egregious or repeated instances of such consumption will be reported to the authorities and we may ban repeat offender from our premises.

3. Please describe how your business will prevent and address potential negative impacts to neighborhood livability such as noise, parking, garbage, or loitering from your patrons.

To curtail such incidents, we ensure that the premises is clean, well-maintained and orderly both inside and out in an effort to dissuade individuals from loitering in fron of or around our store

4. Please briefly describe your business's process to respond to and resolve complaints and/or concerns from neighboring businesses or residences.

Green Jazz will be receptive to any feedback we may receive from neighbors and take their concerns seriously. We will train and instruct our team members, particularly those who will be the first to interact with visitors, to escalate such concerns and/or complaints from neighboring businesses or residences to management immediately. ONce received, management will meet with neighbors who have issue to understand and resolve them as constructively and expeditioully as possible. We pride ourselves for being a responsible and valuable business in each community we are a part of and will continue to be so.
