> **Multnomah County/City of Portland COVID-19 Eviction Moratorium** 3-17-2020 and remains in effect for the duration of the declaration of emergency. **County FAQ** - <https://multco.us/file/86788/download>

Tenants will have up to six months from the date of the end of the declared state of emergency to repay any rent they owe. No late fees may be charged for rent that is delayed. Applies to tenants whose jobs are shut down, whose work hours are reduced, who miss work to provide childcare due to school closures or who are unable to work due to themselves or a relative getting sick from the virus.

Tenant must demonstrate substantial loss of income, through documentation or other objectively verifiable means, resulting from the COVID-19 pandemic, including County, state and federal restrictions imposed to mitigate its spread. Landlords who don't comply with the order could be sued and liable for civil damages as well as other sanctions. **FAQ with more details** - <https://beta.portland.gov/phb/rental-services/multnomah-county/city-portland-covid-19-eviction-moratorium>

Legal Aid Services has created a sample tenant letter -

<https://beta.portland.gov/sites/default/files/2020-03/eviction-updates-for-multnomah-county-march-20-2020.pdf>

The Governor's Office issued an Executive Order 20-11 on March 22nd which put a 90-day moratorium on residential evictions for nonpayment of rent statewide.

April 1, 2020 - Executive Order 20-13 - Governor placed a 90-day moratorium on commercial evictions for nonpayment. Executive Order 20-13 -

https://www.oregon.gov/gov/admin/Pages/eo_20-13.aspx

On April 2nd City Council sent a letter to state and federal officials asking them to adopt rent and mortgage forgiveness policies.

Rental Assistance - On May 1st, Oregon Legislature's Emergency Board pushing out \$8.5 million for people who have lost income due to COVID-19 and cannot pay their rent. The state is expecting to receive an additional \$14.9 million from the federal government to help cover rent and utilities and funding homeless shelter operations or using hotels as temporary housing. The \$8.5 million will be given to existing housing assistance agencies for distribution. **Contact 211** to request rent assistance.

Landlords concerned about not receiving rent payments - The Mayor and the City are aware of the issue and are working to ensure an equitable outcome for everyone along the economic cycle affected by the situation, but the exact formula has yet to be determined. Rent moratorium is just a first step and there are many discussions taking place including conversations with building owners, landlords and tenants. Prosper Portland has formed a Reduce Commercial Evictions Task Force to find solutions for both the issue of business tenants having problems paying rent and commercial property owners losing income from lack of rent being received. They are currently gathering data and tracking inquiries as a tool to inform policy and policy makers. Next steps include coordinating with banks, lending institutions and state and federal partners to determine how best to provide relief to landlords. Property owners should also contact their lenders about options for payment deferral as the Federal Government has enacted suspensions on deferral on some mortgage/loan products for owners of rental housing properties.

Homeowners concerned about mortgage payments - Loans backed by the Federal Government (about 2/3rds of all mortgages in US) have had federal agencies enact suspension/deferrals on mortgage payments if you can demonstrate loss of income due to the pandemic. Still obligated to repay missed payments but can be delayed without late fees. Contact mortgage servicer to determine if loan is federally backed. In addition, there are many bank enacting their own deferment programs.

> Emergency Household Stabilization Fund - Portland Housing Bureau provided \$1 million to support up to 2000 low income households with up to \$500 in direct assistance for food, medication, rent support and other urgent needs. About \$800k will be distributed through the

Short-Term Rent Assistance providers to existing clients and \$200k will be distributed via 211 in the form of \$250 gift cards to households earning no more than 50% Area Median Income. Funds allocated and distributed the last week of April 2020.

Office of Community & Civic Life - City Hall closed to the public.
