1. Please describe how your business will ensure that no one under the age of 21 is admitted, and how your business will educate patrons on the risks of marijuana use by minors.

We will prevent minors from entering the licensed premises, obtaining marijuana items, or attempting to obtain marijuana items as required by ORS 845-025-1230(6)(a) and 845-025-8520.

In particular, we will ensure that we

- post signage, at each licensed premises and point of sale that reads, "No Minors Permitted Anywhere on This Premises;"
- sell and produce only products that are packaged in child-resistant containers
- implement policies that require all employees, before a sale is made, to check a consumer's identification to verify that the consumer is at least 21 years of age.

We will also ensure that we do not allow:

- the sale, delivery or transfer of any marijuana items to any person under 21 years of age;
- the production or sale of marijuana items that, by their shape and design, are likely to appeal to minors;
- the production or sale of marijuana items that are packaged or labeled in a way that is "attractive to minors;" or, advertisement that could be reasonably considered to target individuals under the age of 21.
- Our packaging, labeling and advertising will not contain cartoons, toys, or other similar images and items typically marketed toward minors. Similarly, our packaging, labeling and advertising will not resemble or utilize a design, brand, symbol, celebrity or name that is typically marketed to minors.
- We understand the importance of preventing minors from gaining access to marijuana items, and plan to go beyond the requirements in the OLCC's administrative rules.
- We post all OLCC required consumer warning signs.

2. Please describe how your business will prevent cannabis products from being consumed around or near your business.

We post No Consumption on Site signs and monitor the area around the dispensary with security cameras. Employees are trained that there is no consumption allowed near premises.

3. Please describe how your business will prevent and address potential negative impacts to neighborhood livability such as noise, parking, garbage, or loitering from your patrons.

Being a good neighbor is critically important to us. To ensure neighbors are not impacted by our operations we will:

- Provide parking for our customers and employees.
- All garbage is disposed of properly under contract with an approved garbage hauler.
- There is no equipment on site that would create any noise pollution.
- Monitor the property for any loitering.
- Provide continuous maintenance of property building and grounds.
- Work continuously to limit our impact on nearby areas and work closely with neighboring businesses to ensure we have no negative impact.

4. Please briefly describe your business's process to respond to and resolve complaints and/or concerns from neighboring businesses or residences.

Should there be complaints from nearby businesses, we have the following policies and procedures in place:

1. Notify Compliance division of complaint.
2. Respond quickly to the complaint and if necessary meet with any affected parties and regulators and offer assurances that we will respond concerns.
3. Investigate the claim.
4. Implement any solutions to the problem as agreed upon as quickly as possible.
