

Are you a person with a disability who requires caregivers?

Are immune and/or respiratory compromised?

Are you, or do you care for someone, with a developmental disability, dementia, or Alzheimer's?

Being safe during COVID-19 means having access to protective gear for one-on-one care. If you or someone you care for needs access to masks, hand sanitizer, or gloves, we can help. The City & County Joint Volunteer Center, in Partnership with the Aging and Disability Project, has limited amounts of personal protective equipment (PPE) to give to people most in need.

Please contact us (email preferred) if you would benefit from a supply of PPE:

AgingDisabilitySupplies@portlandoregon.gov

(503) 823-4000

Please be sure to include:

- Name
- Address
- Phone number
- How many caregivers you have?
- What supplies do you need?
- Do you currently receive county services?

Supplies are currently very limited. Requests we cannot fill immediately will be put on a waiting list. For more info, visit: <https://www.portlandoregon.gov/civic/article/759335>

The City of Portland is committed to providing meaningful access. To request translation, interpretation, modifications, accommodations, or other auxiliary aids or services, contact 503-823-4000, Relay: 711.
