10. What if I am running late and return the vehicle after my scheduled return time?

Please make every effort to return your vehicle on time as the number of vehicles we have available is limited and another City employee may be waiting to use the vehicle after you. If you are unsure of how long you will need a vehicle, we encourage you to make a longer reservation than you think you may need, in order to allow for any potential delays. If you return your vehicle earlier than the end of your reservation, you will only be charged for the time you had it checked out.

11. What if I need a vehicle for more than a month?

Special rentals can be arranged. Please contact your bureau's fleet coordinator to make a special request.

12. Can I rent a motor pool vehicle for personal use?

No, motor pool vehicles are for &city business only.

13. Do I need to pay when I park a motor pool vehicle on a metered street?

City vehicles identified by public registration plates may park on a City of Portland street for free for the maximum meter hours posted. If a vehicle is parked longer, the vehicle can be ticketed. Like any other ticket incurred in a &city vehicle, the driver is personally responsible for paying any fines.

14. What if I need roadside assistance with my motor pool vehicle?

Should you need roadside assistance with a motor pool vehicle (ex: flat tire, locked keys inside, tow, etc.), contact the Municipal Garage at 503-823-4341 (M-F, :30am- :30pm) or the Kerby Garage at 503-823-1806 (24 hours, M 6:30am - F 11:30pm).
