

Fire Extinguisher Companies with Certified Personnel

Certified by the Portland Fire Marshal's Office

As per Title 31.50.20.110, a certificate of fitness is required for fire extinguisher refilling, service or repair.

Portable Fire Extinguishers are required to be serviced annually and are subject to full maintenance every six (6) years. In addition, Fire Extinguishers are to be hydrostatically tested every 6 or 12 years depending on the cylinder type. We require the full maintenance and hydrostatic tests to be performed by an individual certified by the Fire Marshal's Office. **COMPANIES ARE NOT CERTIFIED!** The following companies employ individuals certified to perform this test. Your contract for services should specify that the work be done by an individual with a valid Certificate of Fitness for portable Fire Extinguishers. The following list is subject to daily changes. For the most current information, please contact (503) 823-3712.

<u>Company Name:</u>	<u>Phone Number:</u>
