

Quarterly Report – Q1 2021

Investigation Timeliness

The Settlement Agreement with the United States Department of Justice requires investigations into police misconduct be completed in 180 days. IPR has smaller goals within the 180 days for each stage of an investigation. The City fell out of compliance with this section of the Settlement Agreement in 2020. IPR's quarterly reports will include an update on timeliness as we work to come back into compliance with this section of the Agreement.

Percent of investigations over 180 days declines

Each stage of an investigation has its own timeliness goal. IPR is responsible for the intake investigation (14 day goal) and retains some cases for full investigation (70 day goal).

New Officer-Involved Shootings and In-Custody Deaths

A man died in a vehicle on March 31st, 2021 after being pursued by the Bureau following a shooting. Initial reports indicate the man used a firearm to take his life during negotiations with the Bureau. This incident is being investigated as an in-custody death.

- IPR updated online dashboards about complaints (<https://www.portlandoregon.gov/ipr/article/688265>) and allegations (<https://www.portlandoregon.gov/ipr/article/713752>).
