 - Networking - time with local attendees to build new partnerships
 - Workshop - dig deep on a particular topic that was touched on at the conference or missing from the conference schedule
 - Work plan - debrief conference learnings and build action plans
 - Future planning - DEAP-Phase 2 drafting work session
 - Other?
- DEAP Year 3 Report - Please take a few minutes to send us an email at digitalequity@portlandoregon.gov with your thoughts on the following:
 - How has the DEAP/DIN helped support your work?(i.e. form new partnerships? improve your ability to meet client needs? gained new resources? expanded services? etc.)
 - What do you want Portland City Council and the County/Library Board to know about digital equity and inclusion?
 - How could the DEAP/DIN better support your work?
 - Share an impact story and photo. Capturing impact stories is one way to give voice to those on the other side of the digital divide and their stories can help shape our future work.
