Members and OMF Leadership Absent: Josh Alpert, Jeff Baer, Tim Crail, Mike Greenfield, Donna Hammond, Carol Justice, and Ernest Stephens.

Staff Present: Kelly Ball, Aaron Beck, Claudio Campuzano, Diana Fielitz, John Hunt, Cecelia Huynh, Julian Massenburg, Jeremy Patton, Elyse Rosenberg, Matthew Spitulski, Joe Wahl, Jeff Winkler and Kate Wood.

Preamble: Fred Miller

- Mayor Hales proposed a five percent budget reduction for General Fund bureaus.
- Finding areas to cut is difficult – today we will discuss conceptual OMF addition and reduction packages for FY 2016-17.

Welcome: Jane Braaten

- Streamlining processes and efficiencies will help discover reduction areas.
- A five percent reduction equals approximately \$1.3 million for OMF General Fund bureaus.
- Internal Service Fund bureaus are not required to submit a five percent reduction.
- Internal Service Fund bureaus were asked to address areas to improve efficiency.

Bureau of Revenue and Financial Services (BRFS) Concepts: Thomas Lannom and Jane Braaten

- In CFO Ken Rust's absence, Braaten and Lannom discussed conceptual additions and reductions for Procurement Services and Revenue Division.
- Procurement would no longer have funding for a software replacement.
- Revenue Division serves approximately 100,000 business tax accounts with existing staff.
- Revenue Division has worked with the Internal Revenue Service (IRS) on a new data exchange for tax collection information.
 - This system will require two position requests.
 - The positions will cost approximately \$80,000 each and will likely generate nearly \$1.2 million.

Questions

- How do you address tax payers who conduct business in the City but are stationed outside of the City?
 - The City has the ability to access those business records from the IRS.
 - Revenue Division anticipates a one to three percent increase in compliance.
- How far is the City willing to go in order to collect funding?
 - The City is willing to litigate, if necessary.

Bureau of Human Resources (BHR) Concepts: Anna Kanwit

- Bureau of Human resources plans to increase efficiencies and customer service.
- Bureaus can now use NeoGov to request a job application rather than a resume and cover letter for applicable positions.
- Efficiencies to BHR forms and processes will reduce paperwork production.
- Phase one of the BHR Classification/Compensation study will be complete in March 2017.

An Equal Opportunity Employer

To help ensure equal access to programs, services and activities, the Office of Management & Finance will reasonably modify policies/procedures and provide auxiliary aids/services to persons

- Kanwit discussed conceptual reductions for FY 2016-17:
 - BHR will not hire two vacant positions.
 - BHR Systems & Payroll may receive a reduction.
 - Site Teams may receive a reduction.

Questions/Comment

- Will BHR consider a package to become a model employer for persons with disabilities?
 - That package was not funded in the past.

Business Operations Concepts: Jane Braaten

- Business Operations is funded through interagency agreements and the OMF General Fund.
- Business Operations manages 14 individual OMF funds and serves 28 separate business groups including five City Council offices.
- Cutting a service would push work out to customers.
- Business Operations just started providing financial management services for GovQA – the City's new records management software.
- Business Operations may reduce interagency agreements in BTS and facilities through efficiencies.
- Business Operations is requesting an increase in funding from the Office of Community Technology to achieve parity with what other groups are charged for similar work.
- Business Operations will request ongoing funding from the Citywide Innovation Fund for administrative costs in the following year.

Questions/Comment

- Business operations is looking to increase funding from the Office of Community Technology?
 - Yes. Business Operations is seeking an increase of \$10,000.
 - Braaten says the Office of Community Technology is a complex client. Financial management compliance and preventing audit findings is important.
- How will BTS and Facilities funding be reduced?
 - For BTS, this is a bundled service that will be separated.
 - Facilities is reviewing space on the 12th floor and will true-up in comparison with other bureaus.

Bureau of Internal Business Services (BIBS) Concepts: Bryant Enge

- Over a hundred years of institutional knowledge will be lost due to retirements.
- Portland Building Reconstruction and Coordinated Campsite Cleanup are major projects.
- BIBS is purchasing 18 electric vehicles for the Bureau of Environmental services as part of the Climate Action Plan.
- BIBS will not propose reductions for FY 2016-17.
- Enge offered to meet with bureaus to develop reductions or efficiencies in services.
- BIBS add concepts for FY 2016-17 include:
 - Portland Building Reconstruction Project
 - Security updates
 - ADA Compliance, HVAC, and Fire upgrades for Sears facility
 - Equitable Contracting and Purchasing Commission (ECPC) staff support.
 - Facilities position
 - Preventative maintenance staff
 - Automatic gas shut off valves and improved sprinkler systems in City facilities

Bureau of Technology Services (BTS) Concepts: Fred Miller

- Working on Payment Card Industry (PCI) and Personal Identifiable Information (PII) compliance initiatives.
- BTS will seek funding for the Data Center relocation and disaster recovery projects.
- Computer processing capabilities will likely double during the life of the Portland Building Reconstruction Project.
- Mobile processing will need to be addressed.
- BTS plans to renegotiate contracts for cost reduction.

Other Items and Announcements

- IA Rate Study will be discussed on Jan. 5.
- Bureaus will develop more specific concepts for the Jan. 5 meeting discussion.
- A draft of the Budget Advisory Committee report will be distributed at the Jan. 12 meeting.
