ONI Bureau/Budget Advisory Committee Meeting

Monday, May 12, 2014, 5:30 PM – 7:30 PM

City Hall, Lovejoy Room, 2nd Floor

GOAL OF MEETING

Raise awareness of Coalition for a Livable Future's Equity Atlas 2.0 as a tool for the ONI BAC to begin our dialogue on developing an equitable funding formula for our community engagement programs. Second, initiate planning for a possible citywide community/neighborhood summit starting with recruiting volunteers for a planning committee.

AGENDA

- **Welcome/Introductions**
- **Budget Update**
- **ONI Equitable Funding Formula – Coalition for a Livable Future presentation on their Equity Atlas 2.0**
- **Neighborhood/Community Summit – Discuss options, recruit planning committee to organize citywide summit**
- **Announcements**
- **Adjourn**

Future meetings – Monday, June 9, 2014, 5:30-7:30 pm, City Hall, Lovejoy Room, 2nd Floor

DESCRIPTION OF AGENDA

As part of the ONI BAC equitable funding formula initiative Scotty Ellis, Equity Program Manager with Coalition for a Livable Future, will provide an overview of the Equity Atlas project, a summary of key maps and findings, discussion regarding who is utilizing the Equity Atlas, and a live Equity Atlas 2.0 demo. Attendees will leave the presentation with a basic understanding of the capabilities of the Regional Equity Atlas online mapping tool, awareness of who is utilizing the tool, a better sense of regional trends,

and an understanding of how the tool can support the ONI BAC's needs in developing an equitable funding formula for our community engagement programs.

In addition, we will also initiate discussion about planning for a neighborhood/community summit next fiscal year recognizing we are celebrating the 40th anniversary of ONI. This is a project that ONI partners have been asking for since the last citywide neighborhood summit ONI organized in 2004. ONI asked for a special \$10,000 allocation in our Spring BMP request which Council considers on May 7th. The goal at the meeting would be to organize a planning committee to get this project started.
