Portland, Oregon 97204

*Enhancing the quality of Portland's Neighborhoods through community participation*

### ONI Bureau/Budget Advisory Committee Meeting

Monday, March 11, 2013

5:30 PM – 7:00 PM

City Hall, Lovejoy Room, 1221 SW 4<sup>th</sup> Ave.

#### AGENDA

- Welcome
- **Budget update and outreach:** Status of Council review of recommended ONI budget. Discuss ongoing outreach strategy to build support for ONI's budget.
  - Commissioner Fish asked the following question at ONI's February budget hearing: If one-time funding requests were to be ranked alongside ongoing budget items what would that ranking look like? Commissioner Fritz pointed out East Portland Action Plan was not intended to be an ongoing program so therefore it was not appropriate to rank alongside ongoing programs. Is there other feedback BAC members would want to give in response to the Commissioner's question?
- **ONI Standards:** Summary of plans for beginning committee review of ONI minimum requirements for neighborhood associations, coalitions, business associations. Identify interest level from other ONI partner organizations to participate on committee.
- **PIAC Budget Advisory Committee recommendations:** What input do BAC members have about how we should evaluate bureaus on their efforts to implement the Council approved PIAC recommendations for public involvement in each bureau's budget development? PIAC intends to survey staff and community members and are attempting to identify what questions to ask.
