1. Please describe your plan to prevent theft at the licensed premises, including robberies, burglaries, and shoplifting.

Belmont Collective purchased and maintains a security system that monitors the premises 24 hours a day. There are three panic buttons located within in Belmont Collective to alert the authorities if any theft, robberies, harm, or any need for authorities are present. To prevent theft, including robberies , burglaries, when Belmont Collective is closed all inventory is locked up. [REDACTED]. The alarm is set whenever Belmont Collective is closed. When open there are a minimum of two employees on site. One is a greeter in the main lobby and ensures that everyone entering is 21 or over or is 18 or over with a valid OMMP card and valid government ID. [REDACTED]. In the apothecary (the marijuana sales room) there is a sales person that facilitates the transfers of marijuana. [REDACTED]. The safe room is located next to the apothecary with access only through the apothecary and the safe room is under lock and key at all times. To prevent shoplifting all marijuana products are located behind sales counters and is only accessible by the sales person in the apothecary.

2. Please describe your plan to control access to your establishment and ensure that no one under the age of 21 is admitted.

Belmont Collective has a double ID check process to prevent and ensure no one under the age of 21 is admitted or sold marijuana. Once a patron enters the establishment they are greeted by a front desk greeter in the lobby and identifies their business as either medical or recreational. If medical then the patron must provide a valid government ID and valid OMMP card, and be 18 or older. If they cannot they produce both they are escorted from the establishment. If recreation then the patron must produce a valid government ID and be 21 or over. If they cannot produce the valid government ID they are escorted from the establishment. If in either scenario the patron produces the required valid ID and valid OMMP card, if necessary, then the patron is escorted into the apothecary and the sales person will validate the valid ID and valid OMMP card, if necessary, and enter the date of birth and name into the POS system and complete the sales process.

3. In order to reduce the possibility of underage persons, as established by law, from gaining access to marijuana products sold at the licensed premises, please describe your plan to educate patrons on the risks of marijuana use by minors.

Belmont Collective to prevent underage persons from gaining access to marijuana products does not ever allow anyone under the age of 21 for recreation and anyone under the age of 18 if under the OMMP program. At all times patrons must present valid ID and OMMP cards, if necessary, and every visit to Belmont Collective must have ID's on their person. Displayed at the front entrance is a sign that states "no person under 21 is permitted on premises without an OMMP card." At the POS Belmont Collective displays all required posters and displays to inform and educate the patrons on the dangers and need to prevent youth and anyone under 21 from gaining access to marijuana products. After every purchase Belmont Collective requires patrons to take an OHA flier informing the patrons of the dangers of marijuana products and children.

4. Please describe your plan to ensure that marijuana products sold by your business are not consumed irresponsibly in public or in the immediate vicinity of the license premises.

Belmont Collective to prevent and ensure that marijuana products sold by Belmont Collective are not consumed irresponsibly in public alerts all patrons of the laws on consumption and informs them that it is illegal to consume outside and around the Belmont Collective as well as consume in public places, and any patron caught consuming illegally will not be allowed to ever return to Belmont Collective and authorities will be notified.

5. Please describe your plan to avoid potential negative impacts to neighborhood livability such as noise, parking or garbage from your patrons.

Belmont Collective has measures to ensure that livability within the neighborhood does not get negatively affected by noise, parking or garbage from Belmont Collective businesses functions. To ensure that noise is not an issue for the neighborhood, Belmont Collective, does not close late in the evening(Sun - Thur at 8pm and Fri and Sat at 9pm) and does not allow any loitering outside the premises. To prevent garbage issues Belmont Collective shreds all business paperwork and has a locking garbage receptacle. Belmont Collective only has on street parking that has a 2 hour limit and is enforced by parking patrol to ensure parking laws are met. If any patron knowingly breaks any noise, parking, or garbage rules they will not be allowed into Belmont Collective.

6. Please describe the process to respond to complaints from neighboring businesses and residents regarding the licensed premises.

Belmont Collective takes all involvement, opinion, and complaints from neighboring businesses and residents serious and review all. Belmont Collective's process for all neighboring businesses and residents is for a formal review of situation with notice of receipt to all involved parties. After formal review, any and all recommendations, reviews, responses, and/or action plan to address situation will be implemented and communicated to all involved parties.

7. Please include any other pertinent information related to the licensed premises.
