Website: www.urbanfarmacyprc.com		Facebook Link:		

Primary Business Contact Information		
Contact	First Name Margaret	Last Name Sperry
Title	Owner/PRF	Email: urbanfarmacypdx@gmail.com

1. Please describe your plan to prevent theft at the licensed premises, including robberies, burglaries, and shoplifting.

We have a complete security plan including video surveillance, an alarm system, secure access areas, and a safe. We also have employee protocols for keeping the facility safe. For alarm, safe and video surveillance see the security plan.

In order to prevent shoplifting and control access to the facility, only one group of people per budtender is allowed into the restricted access area. Additionally, all marijuana products are kept behind the counter or in a fridge that can only be accessed by employees. Cash drops are made into the safe 2 - 3 times per day in order to limit the amount of cash on the floor.

INTERNAL USE ONLY

Application No. MRL 61
MAD 45028

2. Please describe your plan to control access to your establishment and ensure that no one under the age of 21 is admitted.

We have a lobby where all patrons check in with our receptionist. As a medical dispensary we accept medical patients 18 years old and over with current valid medical card and state issued ID. We are also honoring early recreational sales so we allow anyone over the age of 21 with a current valid state ID entry. Before they enter, the receptionist checks their ID, enters their name and Date Of Birth into our POS system. There we can track all sales made by each person. No recreational users under the age of 21 are allowed entry.

3. In order to reduce the possibility of underage persons, as established by law, from gaining access to marijuana products sold at the licensed premises, please describe your plan to educate patrons on the risks of marijuana use by minors.

There are no sales to underage persons at our dispensary EVER. To help educate our patrons of the harms associated with underage use, we distribute the state required card to each recreational user and we post the appropriate required signage that addresses this issue. Additionally, our budtenders offer free educational consulting with each purchase that makes more in-depth knowledge available to our patrons about the safe use of cannabis.

4. Please describe your plan to ensure that marijuana products sold by your business are not consumed irresponsibly in public or in the immediate vicinity of the license premises.

We have a sign posted in our shop notifying our patrons that cannabis use is not allowed in or around the premises. Additionally, our posted sign states "Please respect our neighborhood: it is the law to keep your cannabis consumption out of public view." Additionally, we have video surveillance coverage on our front and back door and our budtenders check the parking lot several times per day for consumption or suspicious activity.

5. Please describe your plan to avoid potential negative impacts to neighborhood livability such as noise, parking or garbage from your patrons.

We have been open and operating for almost two years now, never have we had an incident or complaint. We keep an extremely clean and secure facility. We have our shared parking lot cleaned bi-monthly; my employees pick up trash or debris from the surrounding area daily. Noise has never been an issue, I can't foresee how this could be a problem. We have a sign posted in our lobby asking our patrons to be respectful of the neighborhood. We are open from 10am - 9pm, not hours that would disrupt the neighborhood with traffic. We have a small parking lot behind our building and plenty of off-street parking within the block of our building.

INTERNAL USE ONLY

Application No. _____

6. Please describe the process to respond to complaints from neighboring businesses and residents regarding the licensed premises.

Again, in two years of business, we have never had a complaint. If there ever were to be a complaint from anyone, Margo Sperry, PRF and owner would consult with the person making the complaint immediately and come up with a plan to resolve the issue immediately.

7. Please include any other pertinent information related to the licensed premises.

We pride ourselves on being a clean, comfortable, safe, responsible and friendly dispensary. Our patrons enjoy coming to our establishment because of the above-mentioned qualities. Additionally, we offer education about cannabis as medicine and safe consumption of cannabis.
