Website:	Facebook Link: <small>Optional</small>			

1. Please describe how your business will ensure that no one under the age of 21 is admitted, and how your business will educate patrons on the risks of marijuana use by minors.

No minors are permitted on the premises and this includes the waiting room. Any person who is in the waiting area who does not otherwise seek access to the point of sale area will be asked to produce their identification if they appear to be age 35 or under. If they don't have identification or refuse to produce identification, they will be politely asked to leave the premises.

All customers will be checked in at entry via our trained receptionist. The point of sale personnel and receptionist are trained to check the date of birth on IDs when "checking in" customers and prior to purchase. State-issued IDs or US passports are accepted.

Once a customer is checked in, they are then escorted to the bud room, which is accessible via electronic card and only authorized employees have access to these cards. No person off the street can access the bud room without a specific electronic key card which opens the proper door.

All vendors are required to show ID and then sign a guest log book and upon entry they are escorted back into the intake room.

Signs are posted in prominent places at every point of sale that read "No Minors Permitted Anywhere on the Premises" and "No On-Site Consumption." A sign will be posted prominently at the entrance/exit that reads "Marijuana or Marijuana-Infused Products May Not Be Consumed in Public." Company personnel will ensure that all marijuana items will be sold in child-proof packaging that is not attractive to minors and otherwise compliant with the packaging and labeling requirements of applicable rules. The company will not sell or market products or produce advertisements that may be considered by a reasonable person to be attractive to minors.

INTERNAL USE ONLY

Application No. MRC 609

2. Please describe how your business will prevent cannabis products from being consumed around or near your business.

Signs are posted at the entrance that informs customers that on-premises consumption is prohibited. Staff enforces this prohibition by periodically checking the inside and outside of the premises throughout the day. If anybody is found to be consuming cannabis products in or near the premises, staff is trained to inform them that they must cease such consumption and politely inform the persons that public consumption of marijuana is illegal under state law.

3. Please describe how your business will prevent and address potential negative impacts to neighborhood livability such as noise, parking, garbage, or loitering from your patrons.

Potential negative impacts are addressed on a case-by-case basis. Due to the nature of the surrounding area (ambient traffic from Powell Blvd and Ross Island Bridge), noise concerns are minimal. The premises has a large parking area that is more than adequate to service our customers. Staff patrols the premises regularly to pick up garbage and deal with any loitering on the premises by patrons or others.

4. Please briefly describe your business's process to respond to and resolve complaints and/or concerns from neighboring businesses or residences.

Being a good neighbor is one of our highest priorities, so we are responsive to any complaints from neighboring business or residences.
