**6. Please describe the process to respond to complaints from neighboring businesses and residents regarding the licensed premises.**

We are not aware of any complaints from the community in the four years we have been operating as a medical dispensary. However in the event of an issue we would make immediate contact with the person or business entity and listen to their concerns and respond with an apology. Next we would take immediate action to investigate promptly and responding with the status where possible within 24 hours. Finally we would go over the solution or options for resolution. We will implement the solution to ensure complete resolution checking with the complainant periodically to make sure they are satisfied and at peace with the situation.
