Title	<b>Owner</b>	Email: <b>seanzzzz7326</b>

**1. Please describe your plan to prevent theft at the licensed premises, including robberies, burglaries, and shoplifting.**

We have an extensive security system that monitors anyone's presence from the moment they step on the property until the moment they leave. Video cameras cover every entrance and every room and are backed up for 2+ weeks. Every person during business hours must check in to reception upon entering and provide a valid ID in order to remain on the premises. This gives us a full record of everyone coming in with a timestamp to reference with camera footage to identify shoplifting. In case of a robbery during hours all staff have access to panic buttons that alert authorities and have been instructed to close themselves behind the heavy locked doors of the security or safe rooms until help has arrived. After hours all valuable merchandise, including everything cannabis related, is locked away in a safe in a secure safe room that is monitored by camera and motion detector to prevent burglaries.
