1. Please describe your plan to prevent theft at the licensed premises, including robberies, burglaries, and shoplifting.

- All systems and practices including alarm, security, surveillance, storage, intake, sales, and access to marijuana items meet or exceed OAR 333-008-000 through 333-008-1501.
- The facility is equipped with all required AND additional camera coverage on all areas of premises including parking lot and areas where marijuana items are present.
- All areas where marijuana products are present have locked and/or controlled access at all times.
- Access to the sales floor is limited, controlled, and monitored by employees and a security surveillance system. Attentive and ample staff is available to direct customer flow and address daily needs. Customer access to marijuana items on the sales floor are controlled by employees through an individual and interactive experience and monitored by a camera system.
- The facility conducts regular review and analysis of inventory control, security, and safety procedures.
- Owners and management maintain relationships with neighboring businesses and associations to be better informed of our surroundings.
- All staff is aware of and trained in safety and security procedures. The facility conducts regular updates with continuing training and staff meetings.

2. Please describe your plan to control access to your establishment and ensure that no one under the age of 21 is admitted.

- Public entrance to facility is in a “marijuana free” waiting room. “Marijuana free” in this facility includes but is not limited to an area free of any marijuana items, literature, and photographs.
- Age and identity verification completed for all individuals upon entrance to waiting room.
- All employees are trained in marijuana handling and identification/age verification procedures as available and required by Oregon law.
- Access to areas containing marijuana items is controlled by an employee and a locked door
- “Now serving individuals born ON or AFTER THIS day in 1994” is posted in an easily visible place for all employees verifying age requirements.
- Electronic sales system will not sell to individuals without a valid birth date recorded.
- Age and identification is verified a final time before the end of the sale by the employee making the sale.

3. In order to reduce the possibility of underage persons, as established by law, from gaining access to marijuana products sold at the licensed premises, please describe your plan to educate patrons on the risks of marijuana use by minors.

- All employees are knowledgeable in safety, effects, and use of all products sold.
- Employees 'get to know' the customer in order to make the most responsible sale possible. This includes inquiries as to customer history, experience, intended use, or effect desired; where-after, the employee will sell and provide education on appropriate items and subjects.
- It is against One Draw policy for items to be sold without educating the consumer on intended use, intended audience, safe/responsible use, and known side effects.
- All items leave the facility in child-resistant, opaque, and state compliant packaging
- All required warning labels affixed to all marijuana items
- Required state education material included with every transaction and posted in the facility.
