Contact	First Name Justin	Last Name Williams
Title	President	Email: jtwllc@comcast.net

1. Please describe your plan to prevent theft at the licensed premises, including robberies, burglaries, and shoplifting.

To prevent theft, including robberies, burglaries, and shoplifting, The Green Front has employed several levels of protection. First, the premises is under 24hr audio/video surveillance; monitoring all activity inside and outside of the premises. Upon entering the premises, patrons must provide valid identification before entering the sales floor through a self-locking safety door, thus controlling which patrons can or cannot enter and providing a source of flow control. Signage to inform patrons about video surveillance and to deter shoplifting is placed outside and inside the sales floor as well. Once on the sales floor, all medicated product is secured in locked cases and employees are trained in loss prevention tips to prevent theft. For employee safety, in the case of a burglary or violent altercation, pepper spray is located in secure spots around the premises as well as a panic-button to alert authorities.
