1. Please describe your plan to prevent theft at the licensed premises, including robberies, burglaries, and shoplifting.

Our facility has plans to prevent theft beginning with thoroughly checking each customers ID and ensuring the proper identification and information is recorded in our computer system. We then must manually unlock the door before each customer enters the dispensary sales area. This locked door allows us to monitor and prevent theft. We have a security alarm at the front of the premises that requires a numerical password to disable. Our premises has 15 cameras that record 24-hrs/7days week monitoring all areas of the business. These cameras can be remotely accessed by the authorized PRF/person at any time via smart phone and main computer. The footage is currently stored for 90 days on and off premises. We have 2 panic buttons to sound a silent alarm to dispatch police within a minute. Our office also has motion sensors for after business hours. The door to the back office is kept locked with all medical product kept in a locked safe with security protection from motion sensors within the office.

2. Please describe your plan to control access to your establishment and ensure that no one under the age of 21 is admitted.

Our facility strictly enforces proper ID checks upon entrance to the front desk/reception area. Each person who enters the premises must check in with valid identification to proceed into the dispensary sales area (behind locked door). We use a scanner to input all ID numbers into our system as well. All members of staff are trained to check and enter the DOB of each customer into the computer system before any sales occur (per Employee Manual). Access to our establishment is controlled and monitored by requiring each person to check in at front desk prior to entering the main dispensary sales floor. We have a posted sign to notify customers that the age requirement to enter the facility is 21 with valid ID.

3. In order to reduce the possibility of underage persons, as established by law, from gaining access to marijuana products sold at the licensed premises, please describe your plan to educate patrons on the risks of marijuana use by minors.

Our facility has legal size OHA warning signs (pregnancy and child protection guidelines) posted on the walls of the dispensary sales area as well as flyers at each POS. Every customer receives a free 4x6 warning card before exiting the facility to remind them of the risks to minors.

4. Please describe your plan to ensure that marijuana products sold by your business are not consumed irresponsibly in public or in the immediate vicinity of the license premises.

In accordance to our Employee Manual, all employees and customers cannot consume marijuana products inside and/or outside the building. Customers are educated by employees, and the posted signs at our facility, that they may not consume marijuana products irresponsibly in public or in the immediate vicinity of the premises. All products are packaged appropriately with warning stickers to deter immediate consumption.

5. Please describe your plan to avoid potential negative impacts to neighborhood livability such as noise, parking or garbage from your patrons.

Our facility actively works with neighboring businesses to create a safe and clean environment free of loitering, unauthorized parking, and unauthorized use of our locked garbage containers. We avoid negative impacts on the neighborhood by ensuring the property is maintained effectively. Our facility provides patrons with designated parking spots (signs posted) and a private trash/recycling containers to keep the premises clean and orderly.

6. Please describe the process to respond to complaints from neighboring businesses and residents regarding the licensed premises.

We have no received any complaints from neighboring businesses or residents about our facility. If any complaints were received from neighboring businesses or residents, the owner and/or manager would meet with the complaining party to ensure resolution of the issue personally. Proper steps would be taken by the authorized employee to work with any complaining party to reach a compromise and ensure all businesses in area are pleased.

7. Please include any other pertinent information related to the licensed premises.

Our facility has business hours and phone number posted at the front of the premises for any questions/concerns and an answering machine for messages to be left.
