1. Please describe how your business will ensure that no one under the age of 21 is admitted, and how your business will educate patrons on the risks of marijuana use by minors.

We have a strict ID checking process. Before someone enters the dispensary, they must check in with the front desk where their ID is viewed.

Once they are in the dispensary, their ID is checked again at the point of sale.

We will have all state mandated documentation in clear view as well as every purchase receives an OLCC card that states the risks of consumption.

2. Please describe how your business will prevent cannabis products from being consumed around or near your business.

We have a strict policy of not allowing loitering in our parking lots. It is only used for parking while in the store.

Anyone seen attempting to consume cannabis on property will be asked to leave and informed they are not allowed to return.

We will then make note in our system of said individual. With BioTrack we are able to 'flag' people in our system so our staff know they are not welcome.

3. Please describe how your business will prevent and address potential negative impacts to neighborhood livability such as noise, parking, garbage, or loitering from your patrons.

Our staff monitor our parking lot during their shifts to ensure cleanliness and that no one is loitering.

Any complaints are handled directly by the owner once received.

We pride ourselves as being a positive attribute to the community and do everything in our power to make sure that occurs.
