Conflict of Interest

The City of Portland is careful about identifying and avoiding conflicts of interest. A conflict of interest arises when a person’s self-interest and professional interest or public interest intersect. In this situation, there is the potential for biased professional judgment and lack of objectivity which creates a serious conflict when one of the interests can benefit financially or personally from actions or decisions made in the official capacity. A conflict of interest exists whether or not decisions are affected by a personal interest; there only needs to be the possibility of bias for a conflict.
