Noise Variance / Permit

Application #: 4159251

Applicant: Deacon Construction LLC *Justin Blain*
901 NE Glisan St. STE. 100
Portland OR 97232

Organization:

Activity: CONSTRUCTION - SANITARY LATERAL INSTALLATION (UTILITY WORK)

Event Location: ROW NE HALSEY BETWEEN NE 42ND AVE AND 43RD AVE

Date(s): One night between Feb 26, 2018 through Mar 2, 2018

Hours: 7:00 pm - 7:00 am

FILE COPY

Application for the above has been reviewed by the Noise Control Officer, City of Portland, and is hereby:

Approved, with the following conditions:

- A. The variance shall run be for one night between February 26, 2018 and March 2, 2018. The hours of the variances construction work shall be from 7:00 p.m. to 7:00 a.m.
- B. From 6:00 p.m. until 9:30 p.m., the contractor will be required to use 'smart alarm' back up beepers, instead of a standard reversal alarm, for all equipment activity. After 9:30 p.m. and until 7 a.m. the following morning, back up alarms will be disconnected and spotters will be used to safely back up vehicles.
- C. The Applicant shall work to utilize a direct connection to power whenever possible. Use of gasoline or diesel generators or other stationary equipment will be isolated from any residential neighbors with the safe use of a 3/4 inch plywood enclosure that does not impact the need of the unit to be properly ventilated.
- D. All saw cutting and vactor truck operations shall be performed between the hours of 7:00 pm and 10:00 pm. Should the need arise for this work to be performed later than 10:00 pm, it must cease no later than midnight (12:00 am) and the Noise Control Office shall be notified the next day.
- E. The Applicant will send complaint reports along with a complaint log and details of how the problem was resolved to the City of Portland Noise Control Officer. These logs can be emailed to the Noise Office at noise@portlandoregon.gov.
- F.

Notice shall be given to the neighborhood residents. The notice will include a contact person and

Phone: 503-823-7350 • Fax: 503-823-3050 • www.portlandoregon.gov/oni

phone number for construction noise issues. Notices will be delivered to all buildings with a 2 block radius of the construction work. The notice shall include the nature of the work and the anticipated noise sources that neighbors will hear during the period of variances work activity.

G.

The Applicant shall be prepared to develop a noise mitigation plan with the Noise Control Office should complaints arise.

H.

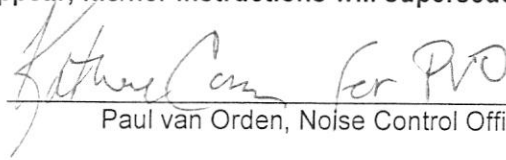

The noise variance will be reviewed upon receipt of complaints. If complaints are filed, the Noise Control Officer may modify the variance, as needed, to resolve community noise disturbances.

To the Applicant:

1. Carry this document with you during the activity. This is not a permit to make more noise than is minimally necessary for your needs.
2. Violation of the conditions of this variance constitutes grounds for revocation of the variance, and denial of future applications, and may also result in the issuance of citation(s) for violations of City Code.
3. **If a Police or Noise Control Officer should appear, his/her instructions will supersede this variance and take precedence.**
