# Chamber Music

for Strings, Winds, & Piano

## Chamber Groups & Chamber Orchestra

Play trios, quartets or other works for strings, winds & piano with peers! The Community Music Center (CMC) Chamber Music Program serves the musical development of young musicians by refining ensemble skills & interpretive abilities. Players are placed into chamber groups by audition and matched by age and playing level. Groups perform their finished work for the public at CMC.

## Professional Coaching

Instructors are renowned artists from CMC's performing faculty. All teachers have extensive chamber music experience. The program includes a master class and workshops by visiting teaching artists.

# New This Year

We have packed six days full of engaging programs to give participants a well-rounded, rewarding and skill-building experience.

New features this year include:

- Earlier auditions and placement, so you can plan your summer sooner.
- One-week format, to better fit your schedule.
- Activities such as rhythm warm-ups, and workshops on the art of practicing, improvisation, and knowing the score.
- Groups may be chosen from this camp to perform in parks this July and August.

The program still features:

- More than 12 hours of chamber music coaching and rehearsals.
- Up to 9 hours of chamber orchestra. This year build your Baroque repertoire, and try Classical, Celtic and Klezmer, too. Opportunities may be offered to prepared students to perform solos.
- Master class, and student performances.

**Prerequisites for the program:** Ability to read music at playing level and some prior ensemble experience. For strings: vibrato and flexible bow technique are helpful; suggested level for violins is Suzuki Book 4 and above, violas & cellos at Suzuki Book 3 or above.

*The summer program is designed for **intermediate to advanced** players age 8 - 18 with ability to learn and perform new repertoire in an **intensive** environment.*

## What People are Saying

*"This is a FABULOUS program! My sons gained so much confidence & were just jubilant after rehearsals."*

*"The coach was superb and brought such a perfect blend of fun, laughter, and delightful learning to the classroom."*

*"My child was self-motivated to practice more."*

*"Well organized and efficient."*
