PERMIT TYPE - Check one:

This is a standard Tree Removal & Replanting Permit Application.

The tree was an immediate hazard/danger to people or property and had to be removed. I am submitting this application as an emergency tree removal application in order to receive a retroactive Tree Removal & Replanting Permit. I have included photographic evidence of the hazard.

- To determine whether a tree qualifies for emergency removal, call 503-823-TREE (8733) or visit www.portlandoregon.gov/trees/emergencies. The property owner may be found in violation of Title 11 if it is determined that regulated trees were removed without a permit and it was not an emergency.

I am required to submit this application as part of a Tree Permit Violation Review. Enclosed is a fee of \$250.

TREE INFORMATION - Mark the trees with yellow ribbon for identification

Address of the tree(s): 4235 SW Pendleton St. Portland, OR 97221

Total number of trees requested for removal: 4

PHOTOS

Attach photographs of each tree to convey:

- Tree circumference at 4.5 feet**—A photo with a measuring tape wrapped around the tree trunk at 4.5 feet above the ground
- Tree species**—A photo of the tree's form as well as a close-up photo of the tree's leaves or twigs or fruits or flowers
- Distance from building or attached structure**—If the private property tree is within 10 feet of a building or attached structure, include a photo that shows the distance with a measuring tape from the base of the tree to the nearest edge of the building or attached structure

Attaching these photos will ensure you receive your private tree removal permit promptly.
