

## Fee Reduction Request for Schools/Organizations Portland Parks & Recreation | Environmental Education

Cost for programs for the 2019-2020 school year are as follows:

- Two-hour, ecology based field trip = \$8.50/student (Title I status = \$6.50/student)
- Ninety-minute Private Group Ladybug Walk = \$7/child

*These fees were calculated based on actual costs of what it takes for us to run each program. The fee covers the development of lesson content, scheduling, communication with your school or organization, supplies, program preparation, and day-of-program facilitation by our Field Trip Naturalists (all of whom have advanced degrees in Environmental Education). We recognize not every school or organization is able to pay the amount listed.*

*If you are experiencing barriers to paying the full cost, please tell us about your situation.*

*Would you be willing to choose a field trip at a park location within walking distance or along a nearby bus line (if applicable) to reduce transportation costs?     Yes    No*

*Would you be willing to do a shorter program to lower the cost? (Field Trips can be shortened to 90 min, Ladybug Walks to 60 min)     Yes    No*

*Please tell us how much you can pay. (The lowest rate we can accommodate is \$5/student) \_\_\_\_\_*
