

- Zones included in current exemption: **CX, EX, IH, IG1** (CS and CM zones no longer exist after zoning updates in May 2018)
  - Proportion of Portland's total land area: 10%
  - Canopy cover as a % of total land area in these zones: 8.0%
  - Acres of canopy within these zones: 725
  - % of Portland's total canopy cover within these zones: 2.6%
  - If all canopy within these zones was lost, Portland's overall canopy cover would fall from an estimated 29.9% (2014) to 29.1%
    - While not seemingly a large drop, this represents the last 10 years of canopy growth Portland has been able to achieve in the face of a rising population and development, [according to PP&R](#).
