Below are the BHUAC's official Votes and Recommendations from this meeting:

May 2015 Committee Votes and Recommendations

- The BHUAC supports the expansion of the Service Coordination Team to include six mental health beds and an increase in the array of outpatient services offered by the program.
- The BHUAC further recommends to the Service Coordination Team that there is a preference to involve peers (people with lived mental health experience) in direct services, planning and management with an emphasis on training peers for management levels.
