

CAR THEFT PREVENTION

an infographic series

NEVER:

- ...leave your idling car unattended, especially with children inside.
- ...leave valuables, or anything that could be mistaken as valuable, in the car.
- ...leave your car in an unattended parking lot for long periods of time.

DURING THE DAY, park in a well-travelled area that is visible to passersby.

INSTALL ANTI-THEFT LICENSE PLATE FASTENERS.

AT NIGHT, park in a locked garage when possible. *If it is not:*

- Park in the driveway.
- Choose a well-lit place on the street that is visible to you, neighbors and passersby.
- Install motion detector lighting that illuminates the area near and around your car.
