Hello Community,

We at the Equity and Inclusion Office are excited to present the third update of the Racial Equity Plan (REP) for progress made in the months of June and July. In this report and all future reports, any changes from previously released documents will be italicized and highlighted in red. In addition, when an item's progress level has increased from past reports it will be noted by a '↑'. If for any reason a new roadblock increases the amount of work needed to complete an item and its progress level is decreased it will be marked with '↓'. We are committed to continual improvements and if community members have suggestions on how we can improve these please send to PPBEquityOffice@portlandoregon.gov. This is the last report of Year Four of the Racial Equity Plan. We will be taking a recess from posting updates until after our Racial Equity Retreat, where our leads will be presenting progress to community and city partners. Based on last year's progress and feedback from the retreat we will formulate year five goals and restart the update progress in the fall of 2021. Thank you for your support of this process and we look forward to updating you again soon.
