

2017 – 2018 Work Plan

Introduction: The following work plan encompasses UASI/RDPO grant-funded, as well as “no cost” projects and other major activities and initiatives, already underway or about to get underway in the coming year as the RDPO 2017-2021 Strategic Plan comes online. The work plan aligns with the goals and objectives of the new strategic plan and will be updated annually by the RDPO Program Committee, “Keeper of the RDPO Work Plan.”

I. Governance /Administration			
Goal 1: Strengthen and sustain regional disaster preparedness coordination, collaboration, and governance.			
Objective 1.1: Implement RDPO organizational changes/enhancements that ensure alignment with this strategic plan and maximize effective execution of the annual work plan.			
Project/Initiative Name	Key Objective(s)	Lead /Supported by	Funding (Source/Amount)
1.1.1: Prioritization of RDPO Work among RDPO Member Organizations	RDPO members prioritize their staff’s time to support implementation of RDPO priorities.	Local agency executives and elected leaders/RDPO Manager	Donated time from member organizations

1.1.2: RDPO Staff Expansion to Drive Critical Regional Work	Secure additional RDPO member contributions to sustain the planning coordinator position and, as available, utilize UASI grant funds and/or secure other funds to hire additional professional staff in high demand functional roles (e.g., regional communications/messaging coordinator, project manager).	RDPO Manager/RDPO Steering and Policy Committees	Approx. \$125,000 in additional local partner contributions;
1.1.3: RDPO Service Level Agreement between the PBEM and the RDPO	Develop Service Level Agreement between the RDPO and the city of Portland (the Lead Administrative Agency - LAA): outline the responsibilities of the LAA, obligations of the RDPO as it pertains to its relationship with the LAA, and the mutual understandings between the LAA and the RDPO.	RDPO Manager/PBEM Finance and Grants, RDPO Steering and Policy Committees	No cost.
1.1.4: Structural Change Initiatives	Strategically realign or revitalize work groups to meet strategic objectives and ensure robust participation and effective project execution. [Examples: Grants and Finance Committee reboot; explore forming a Critical Transportation Work Group; Recovery planning project task force formation; and Fire/EMS Work Group revitalization.]	RDPO Manager/Various partners	No cost

Objective 1.2: Improve communication and decision-making between RDPO committees.			
Project/Initiative Name	Key Objective(s)	Lead/Supported by	Funding (Source/Amount)
1.2.1: RDPO Vertical Interconnectivity	Build relationships between Steering Committee discipline representatives and the leader(s) and members of associated discipline work groups to enhance strategic and program/project planning.	SC Reps and Work Group Chairs/RDPO Manager	No cost

Objective 1.3: Identify, develop, and advocate for priority legislative and regulatory issues.			
Project/Initiative Name	Key Objective(s)	Lead /Supported by	Funding (Source/Amount)
1.3.1: 2017-2018 State and Federal Legislative Agenda	Generate and advocate for positions on select state and legislative agenda items that advance disaster preparedness/resilience goals, and partner with like-minded agencies, such as the Oregon Seismic Safety Policy Advisory Committee (OSSPAC), Joint Policy Advisory Committee on Transportation, Levee Ready Columbia, Association of Counties, League of Oregon Cities, Oregon Emergency Management Association, et. al., to pursue shared legislative outcomes.	RDPO Policy Committee/RDPO Manager, RDPO Steering Committee and other regional partners	No Cost

Objective 1.4: Maintain an effective and compliant grant program.			
Project/Initiative Name	Key Objective(s)	Lead by/Support by	Funding (Source/Amount)
1.4.1: Demand-driven Technical Assistance and Training	PBEM Finance and Grants technical assistance and training of project managers, finance staff and other key stakeholders on select finance/grants compliance, procurement, and project management skills.	PBEM Finance and Grants/RDPO Manager	No cost
1.4.2: UASI Grant Program Standard Operating Procedure Update	Update the standard operating procedure that guides UASI program management under the RDPO to align with the RDPO IGA and the streamlined programming process (i.e., the RDPO Program Pipeline).	RDPO Manager and PBEM Grants Program Coordinator/RDPO GFC	No cost

<p>1.4.3 SOP for RDPO Partner Contributions (treated as grants under the City of Portland finance system)</p>	<p>Prepare a standard operating procedure for the use of RDPO partners' project contributions.</p>	<p>RDPO Manager and PBEM Grants Program Coordinator/RDPO GFC</p>	<p>No Cost</p>
<p>1.4.4. Program monitoring</p>	<p>Enhance program monitoring, as needed, to ensure effective implementation and compliance.</p>	<p>PBEM Grants Program Coordinator/RDPO Manager</p>	<p>No Cost</p>

Objective 1.5: Seek, develop, and maintain strong connections to and coordination relationships with other regional organizations with a common mission or purpose (e.g., the NW Health Preparedness Organization, SW Washington Homeland Security Region IV, Regional Water Providers Consortium, Portland Dispatch Center Consortium, Area Maritime Security Committee, etc.)

Project/Initiative Name	Key Objective(s)	Lead/Supported by	Funding (Source/Amount)
<p>1.5.1 Partner Interconnections</p>	<p>Ensure avenues for organizations listed under the Objective 1.5 to participate on RDPO work groups and committees.</p>	<p>RDPO Manager</p>	<p>No Cost</p>

II. Prevention and Protection Mission Areas

Goal 2: Enhance and maintain regional intelligence and information sharing, interdiction, disruption, and detection capabilities to help prevent and/or mitigate terrorism events, including cybersecurity, and other threats.

Objective 2.1: Strengthen the TITAN Fusion Center information-sharing network to enhance the Portland metropolitan region’s understanding of terrorist and other threats and ability to prepare in a coordinated manner.

Project/Initiative Name	Key Objective(s)	Lead/Supported by	Funding (Source/Amount)
2.1.1: Oregon TITAN Fusion Center [Same as 3.1.2 below.]	Fund one criminal intelligence analyst to help achieve improvements in the Oregon TITAN Fusion Center's information-sharing and outreach practices in the PUA. Strengthen integrated data-gathering and analysis of critical infrastructure and key resources to help public and private sector owners prevent/mitigate adverse impacts to their facilities.	Oregon TITAN Fusion Center/Law Enforcement Work Group	UASI FY'15/\$143,500 UASI FY'16/\$130,000

Objective 2.2: Enhance surveillance capabilities and improve analytics in the region.

Project/Initiative Name	Key Objective(s)	Lead/Supported by	Funding (Source/Amount)
None at this time.			

Goal 3: Enhance the resilience of the region’s critical infrastructure systems and facilities.			
Objective 3.1: Promote improved joint planning for the maintenance and strengthening of regional critical infrastructure (CI) systems, including water, sewer, gas, fuel, telecommunications, electric, etc.			
Project/Initiative Name	Key Objective(s)	Lead/Supported by	Funding (Source/Amount)
3.1.1: Regional Water Interconnections Study Update	Identify critical water supply and distribution points as recommended by the Oregon Resilience Plan; rate interconnections for their level of resiliency. (Project includes a tabletop exercise.)	Regional Water Providers Consortium (RWPC)	UASI FY’15/\$25,000 RWPC/\$18,000
3.1.2: Oregon TITAN Fusion Center [Same as 2.1.1 above.]	Fund one criminal intelligence analyst to help achieve improvements in the Oregon TITAN Fusion Center's information-sharing and outreach practices in the PUA. Strengthen integrated data-gathering and analysis of critical infrastructure and key resources to help public and private sector owners prevent/mitigate adverse impacts to their facilities.	Oregon TITAN Fusion Center/Law Enforcement Work Group	UASI FY’15/\$143,500 UASI FY’16/\$130,000

Objective 3.2: Support the development and maintenance of continuity of operations plans by the region’s critical facility owners/operators.			
Project/Initiative Name	Key Objective(s)	Lead/Supported by	Funding (Source/Amount)
None at this time.			

III. Mitigation Mission Area

Goal 4: Enhance the region’s ability to identify and understand local risks, educate and better prepare the public to manage those risks, and foster long-term community well-being.

Objective 4.1: Support community-centered resilience building efforts.

Project/Initiative Name	Key Objective(s)	Lead/Supported by	Funding (Source/Amount)
4.1.1: Regional Community Preparedness Program and Team Enhancement Project	Strengthen and expand community preparedness programs and teams, including CERTs/NETs, LISTOS, BEECN, MRC, ARES, etc. Build consistency into community preparedness (e.g., Citizen Corps) programming across the region. Strategically invest equipment, supplies, educational materials, training, exercises and other events.	Citizen Corps Sub-Committee of REMTEC	UASI FY’15/\$190,488; UASI FY’16/\$152,086

Objective 4.2 Lead or commission regional threat and hazard identification, vulnerability and risk assessments, and other research that supports efforts to mitigate risks and address planning and other preparedness gaps.

Project/Initiative Name	Key Objective(s)	Lead/Supported by	Funding (Source/Amount)
4.2.1: Annual THIRA Update	For threats and hazards of greatest concern in our region, set desired performance outcomes and targets, estimate resource needs, and identify gaps through the lens of the five preparedness mission areas and 32 Core Capabilities.	RDPO Planning Coordinator/Subject Matter Experts, RDPO work groups, et al.	RDPO Coordinator is funded under UASI FY’15 and F’Y16

<p>4.2.2 Regional Mapping and Enhanced Earthquake Impact Analysis</p>	<p>Complete comprehensive earthquake mapping and impact analysis (damage estimates) for the Region, beginning with Clackamas, Multnomah and Washington Counties.</p>	<p>DOGAMI/RDPO Planning Coordinator and REMTEC</p>	<p>UASI FY'15/\$247,440</p>
<p>4.2.3 Disability, Access and Functional Needs Planning [Same as 5.1.3 below.]</p>	<p>Phase I (DAFN Assessment): Using a technical contractor, determine through stakeholder surveys and interviews how the emergency management programs of Clackamas, Clark, Multnomah and Washington Counties and the City of Portland are meeting the needs of people with disabilities and those with access and functional needs across the full spectrum of program responsibilities and activities, including preparedness, response, recovery, and mitigation.</p>	<p>DAFN Task Force (Scott Porter)/REMTEC</p>	<p>UASI FY'14/\$44,400 (closed); Metro/\$6,000; and UASI FY'15/\$55,600 [Total: \$106,000]</p>

<p>Objective 4.3 Develop and implement a prioritized regional natural hazard mitigation action plan (RMAP).</p>			
Project/Initiative Name	Key Objective(s)	Lead/Supported by	Funding (Source/Amount)
<p>None at this time.</p>			

Objective 4.4: Develop and deliver coordinated public education campaigns on public safety, disaster preparedness, response, and recovery in multiple languages.			
Project/Initiative Name	Key Objective(s)	Lead/Support by	Funding (Source/Amount)
4.4.1: Regional Disaster Sanitation Public Education [Same as 7.3.1 below.]	Determine the operational assumptions for post-disaster sanitation methods and develop a communications plan and messages/educational tools to educate the public pre- and post-disaster. (Contractor will be hired for the communications components.)	Regional Disaster Sanitation Task Force/Regional Disaster Preparedness Messaging Task Force	UASI FY'15/\$50,000
4.4.2: Text-to-911 Public Education	Produce video ads to inform the public how to use the new Text-to-911 capability in the region. Purchase media air time to air the video ads.	Portland Dispatch Centers Consortium	UASI FY'15/\$20,000
4.4.3: Hazard Mitigation Public Outreach	Hire a contractor to develop a hazard mitigation public outreach tool kit that can meet Hazard Mitigation Plan outreach requirements and be paired with existing public outreach programs (e.g., disaster preparedness, public health, community planning and sustainability).	Hazard Mitigation and Recovery Planners Group/REMTEC	UASI FY'16/\$75,000

IV. Response and Recovery Mission Areas

Goal 5: Build and maintain regional response capabilities necessary to save lives, meet basic human needs, and protect property and the environment during an emergency or disaster.

Objective 5.1: Develop and maintain comprehensive regional and local emergency response plans inclusive of the whole community and addressing the needs of people with disabilities and others with access and functional needs.

Project/Initiative Name	Key Objective(s)	Lead/Supported by	Funding (Source/Amount)
5.1.1: Regional Utility Coordination Plan Update	Update the 2005 Regional Utility Coordination Plan to incorporate elements of the Regional Multi-Agency Coordination System (RMACS) Concept of Operations Plan and to reflect advances in regional capabilities (e.g., new tools for coordination and communication).	RDPO Planning Manager and Scott Porter, Washington County EMC/REMTEC	UASI FY'15/\$15,000
5.1.2: Regional Fuel Contingency Planning	Conduct a regional tabletop fuel management exercise to 1) test the ability of regional partners and regional response structures (e.g., RMACS) to prioritize and allocate fuel resources in at least two scenarios (e.g., fuel system failure and multi-system failure); and 2) engage state and private sector partners in a test of fuel distribution protocols.	RDPO Planning Coordinator and Scott Porter	UASI FY'16/\$50,000

<p>5.1.3: Disability, Access and Functional Needs Planning [Also listed above as 4.2.3]</p>	<p>Phase I (DAFN Assessment): Using a technical contractor, determine through stakeholder surveys and interviews how the emergency management programs of Clackamas, Clark, Multnomah and Washington Counties and the City of Portland are meeting the needs of people with disabilities and those with access and functional needs across the full spectrum of program responsibilities and activities, including preparedness, response, recovery, and mitigation.</p>	<p>DAFN Task Force (Scott Porter)/REMTEC</p>	<p>UASI FY'14/\$44,400 (closed); Metro/\$6,000; and UASI FY'15/\$55,600 [Total: \$106,000]</p>
<p>5.1.4: Regional Catastrophic Incident Facility Allocation</p>	<p>Hire a contractor to implement an assessment and gap analysis of facilities and other physical locations (e.g., parks, parking lots) identified for post-disaster response activities. The RDPO Resource Management Committee (RMC) will review the contractor's finding and recommendations for "facility/site best use" and determine specific facilities and sites for key emergency response work, as well as potential gaps that need to be addressed.</p>	<p>RMC (Courtney Patterson, PBEM)</p>	<p>UASI FY'15/\$65,000</p>
<p>5.1.5: Regional and Local Disaster Debris Management Planning</p>	<p>Continue to convene a regional task force to work on key elements of regional disaster debris planning, including debris forecasting, temporary debris site selection and management, and pre-event contracting.</p>	<p>Daniel Nibouar, METRO, Regional Disaster Debris Management Task Force/RDPO Planning Coordinator</p>	<p>Metro funds and other funds to be determined.</p>

Objective 5.2: Build-up and maintain regional tactical response and special or other teams' capabilities through equipment investments, training and exercises.			
Project/Initiative Name	Key Objective(s)	Lead/Supported by	Funding (Source/Amount)
5.2.1: CBRNE Project	Replace and/or enhance select CBRNE equipment at its end of life or usefulness. Includes patient isolation bags, CBRNE respirator filter cartridges, personal chemical and radiation detectors/dosimeters, etc.	Portland Fire & Rescue (PFR) and Clackamas Fire District #1 (CFD1)	UASI FY'15/\$143,200
5.2.2: Large Incident Command Training	Enhance the command and control decision-making skills of 30 firefighters from fire agencies in the region for large incidents and enable them to understand the interrelationship of the operational function to hazard preparedness, mitigation, response and recovery.	Portland Fire & Rescue	UASI FY'15/\$75,000
5.2.3: Emergency Mobile Water Treatment Systems and Associated Supplies	Continue to build the capability to provide alternate potable water in the event of municipal water disruptions by purchasing two mobile water treatment plants (1 for City of Gresham; 1 for City of Milwaukee) and 27,000 reusable personal use water bags (Portland Water Bureau)	Public Works Work Group/Regional Water Providers Consortium and PBEM Finance	UAFI FY'15/\$130,000 and FY'2016 RDPO Local Partner Contributed Funds/\$164,000
5.2.4: Technology Enhancements for the Metropolitan Air Support Team (MAST) planes in the Region [Same as 5.6.2 below.]	Enhance air-to-ground relay of live video feed to EOCs/ECCs and first responders during incident response by installing ARS Moving Map Systems, Air Support Wescam and Video Downlink equipment and software into Metropolitan Air Support Team planes (e.g., Portland Police Bureau, Multnomah County Sheriff's Office, and Washington County Sherriff's Office).	MAST/Law Enforcement Work Group	UASI FY'15/\$180,000 UASI FY'16/\$634,000

<p>5.2.5: Regional Mass Fatality Incident Morgue Operations and Field Operations Equipment</p>	<p>This project invests in specialized 3-D imaging/x-ray equipment to increase the response capabilities of the Medical Examiner’s Regional Response Team and the Disaster Mobile Morgue Unit.</p>	<p>Medical Examiner’s Office/Public Health Work Group</p>	<p>UASI FY’16/\$167,000</p>
<p>5.2.6: Multi-Gas Detection Kits</p>	<p>Purchase a multi-gas detection system kit for Washington County, to be part of the regional shared equipment inventory.</p>	<p>Washington County Public Works/RDPO Public Works Work Group (PWWG)</p>	<p>UASI FY’15/8,500</p>
<p>5.2.7: Back-up Power to Support Disaster Response</p>	<p>Purchase a 250 KW portable generator that will support a wide range of end users including necessary life protection and life-saving facility operations (e.g., potable water plants, wastewater plants, fire and rescue emergency services facilities and police stations) during disaster response.</p>	<p>City of Clatskanie/PWWG</p>	<p>UASI FY’15/\$130,000</p>
<p>5.2.8: Variable Messaging Sign Boards</p>	<p>As part of the Public Works Work Group’s long-standing regional shared equipment project, purchase four variable messaging sign boards for various water agencies and other partners in Clackamas County.</p>	<p>Clackamas River Water, Sunrise Water Authority/PWWG</p>	<p>UASI FY’15/\$80,000</p>
<p>5.2.9: Shipboard Security Threat and Emergency Response</p>	<p>Through assessment/gap analysis and exercises, a contractor will help law enforcement and fire partners in the region establish gaps in response capabilities (plans, training and equipment) for potential shipboard threats in our region.</p>	<p>Steve Eldred, Vancouver Fire/RDPO Law Enforcement Work Group and Fire/EMS Work Group</p>	<p>UASI FY’15/\$100,000 UASI FY’16/\$100,000</p>
<p>5.2.10: Tactical Medic/TECC</p>	<p>Train 60 regional fire and police personnel in Tactical Emergency Medical Support capabilities that can be applied to a wide range of incidents and emergencies pre-hospital (e.g., at mass shooting sites).</p>	<p>Portland Fire and Rescue/RDPO Fire-EMS Work Group</p>	<p>UASI FY’16/\$77,159</p>

<p>5.2.11: Urban Search and Rescue (USAR) Operations Training</p>	<p>Approximately 120 front line fire fighters will be trained to rapidly and efficiently prepare for, respond to, mitigate, and recover from significant emergencies requiring USAR capabilities (e.g., locate, provide initial medical treatment and extricate victims of incidents requiring specialized search and rescue operations).</p>	<p>Portland Fire and Rescue/RDPO Fire-EMS Work Group</p>	<p>UASI FY'16/\$369,947</p>
--	---	--	-----------------------------

Objective 5.3: Enhance and maintain regional health system, public health, and behavioral health capabilities to effectively respond to mass casualty events or other health threats.

Project/Initiative Name	Key Objective(s)	Lead/Supported by	Funding (Source/Amount)
<p>5.3.1: Pediatric Surge Planning</p>	<p>1) Produce a pediatric surge plan and provide training on the plan to better prepare the healthcare system in the region to meet the needs of the pediatric population in a trauma surge event; and 2) produce a set of recommendations and action steps for the creation of a patient tracking system that meets the needs of stakeholders in the region.</p>	<p>Northwest Oregon Health Preparedness Organization (HPO) Planning Staff / HPO Steering Committee</p>	<p>5.3.1 and 5.3.2 are combined: UASI FY'15 and NWHPO/\$108,000 (split 50/50 for 1.0 Program Specialist @ 12 mos.)</p>
<p>5.3.2 Patient Tracking System Development</p>	<p>Phase I: produce a set of recommendations and action steps for the creation of a patient tracking system that meets the needs of stakeholders in the region.</p>	<p>Northwest Oregon Health Preparedness Organization (HPO) Planning Staff / HPO Steering Committee</p>	<p>5.3.1 and 5.3.2 are combined: UASI FY'15 and NWHPO/\$108,000 (split 50/50 for 1.0 Program Specialist @ 12 mos.)</p>
<p>5.3.2: Safety-Net Clinics Acting to Prepare</p>	<p>Improve disaster preparedness among 22 Safety-Net Clinics through a series of training and workshop events.</p>	<p>Coalition of Community Health Clinics/HPO</p>	<p>UASI FY'15/\$30,000</p>

Objective 5.4: Increase regional epidemiological (Epi) response and medical counter measures (MCM) capabilities.			
Project/Initiative Name	Key Objective(s)	Lead/Supported by	Funding (Source/Amount)
None at this time.			

Objective 5.5: Enhance communications operability, interoperability, and redundancy in the region.			
Project/Initiative Name	Key Objective(s)	Lead/Supported by	Funding (Source/Amount)
5.5.1: Communications Study/Gap Analysis	Conduct a comprehensive communications study and gap analysis and produce an interoperable communications plan for Clackamas River Water, Sunrise Water Authority and interdependent partners in Clackamas County.	Donn Bunyard (CRW)/RDPO Manager	UASI FY2015/\$60,000

Objective 5.6: Enhance situational awareness and common operating picture capabilities in the Region.			
Project/Initiative Name	Key Objective(s)	Lead/Supported by	Funding (Source/Amount)
5.6.1: Regional Information Sharing Enhancements	This project aims to identify and fund a suitable replacement for the Regional Enterprise Service Bus, which supports PSAP to PSAP information-sharing.	PDCC	UASI FY'15/\$500,000 UASI FY'16/\$500,000
5.6.2: Technology Enhancements for the Metropolitan Air Support Team (MAST) planes in the Region [Same as 5.2.4 above.]	Enhance air-to-ground relay of live video feed to EOCs/ECCs and first responders during incident response by installing ARS Moving Map Systems, Air Support Wescam and Video Downlink equipment and software into Metropolitan Air	MAST/Law Enforcement Work Group	UASI FY'15/\$180,000 UASI FY'16/\$634,000

	Support Team planes (e.g., Portland Police Bureau, Multnomah County Sheriff's Office, and Washington County Sherriff's Office).		
--	---	--	--

Objective 5.7: Develop and sustain a Regional Multi-Agency Coordination System (RMACS) to provide effective regional coordination and resource allocation.

Project/Initiative Name	Key Objective(s)	Lead/Supported by	Funding (Source/Amount)
RMACS Development Project – Phase III	Continue to develop (i.e., recruit members for, train, exercise and team build) the various components of the RMACS, including the RMAC Group, the Health-Medical MAC Group, the RMACS Support Organization, the Joint Information System, Regional Logistics Support Team, etc. Strengthen the connection between the RMACS and the County EOCs/ECC, as well as tools used for such tasks as incident prioritization; revise the RMACS ConOps Plan; etc.	RMACS Task Force/RDPO Steering Committee	UASI FY'15/\$75,000 Metro (RDPO Contribution)/\$13,000

Objective 5.8: Support the enhancement of local Emergency Operations/ Coordination Center readiness across the region.

Project/Initiative Name	Key Objective(s)	Lead/Supported by	Funding (Source/Amount)
5.8.1 Resource Ordering and Tracking	Assess current needs, gaps, and best practices in automated and manual resource requests/ordering and tracking, and then develop specific standardized procedures. Individual agencies will be able to adapt these procedures to meet	Resource Management Committee (of REMTEC)	UASI FY'15/\$50,000

	their specific policy or administrative requirements. Procedures will then be reinforced through the development of both manual tools, such as forms and job aids, as well as automated tools.		
5.8.2 Shared/Stranded Workers' Agreement	With great leadership from Robin Holm, Multnomah County Public Health EM, engaging partners across the region, an inter-governmental agreement (IGA) was created for the following purposes: to authorize, facilitate and establish conditions and provisions for the sharing of qualified EOC Personnel amongst the Parties to the IGA during emergencies where transportation routes are disrupted and EOC Personnel are unable to report to their normal work locations. The next step is to finalize the signatory process among partners and operationalize the IGA, including develop SOPs.	RDPO Manager/Points of Contact from the Parties to the IGA	No Cost

Goal 6: Build and maintain core capabilities necessary to assist affected communities, as well as the region as a whole, to recover effectively from major emergencies and disasters.			
Objective 6.1 Conduct whole community pre-disaster recovery planning across the region, which defines post-disaster planning structures and successful recovery outcomes, critical timelines and priorities for key sectors.			
Project/Initiative Name	Key Objective(s)	Lead/Supported by	Funding (Source/Amount)
6.1.1: Recovery Planning	Develop recovery plans for the Portland metropolitan region's five counties.	REMTEC (Scott Porter)/RDPO Planning Coordinator	UASI FY'16/\$240,000

Goal 7: Enhance and maintain regional capabilities to prepare and deliver coordinated, prompt, reliable and actionable information to the whole community before, during and after disasters.			
Objective 7.1: Maintain the Regional Joint Information System and ensure that local information systems are prepared to feed into the regional system.			
Project/Initiative Name	Key Objective(s)	Lead/Supported by	Funding (Source/Amount)
None at this time.			

Objective 7.2: Enhance and maintain regional capacity to produce consistent preparedness and community resilience messaging (in coordination with state and federal agencies).			
Project/Initiative Name	Key Objective(s)	Lead/Supported by	Funding (Source/Amount)
None at this time.			

Objective 7.3: Produce regionally agreed upon (pre-scripted) response and recovery public messaging, ensuring inclusion of people with access and functional needs.			
Project/Initiative Name	Key Objective(s)	Lead/Supported by	Funding (Source/Amount)
7.3.1: Regional Disaster Sanitation Public Education [Same as 4.4.1 above.]	Determine the operational assumptions for post-disaster sanitation methods and develop a communications plan and messages/educational tools to educate the public pre- and post-disaster. (Contractor will be hired for the communications components.)	Regional Disaster Sanitation Task Force/Regional Disaster Preparedness Messaging Task Force	UASI FY'15/\$50,000

Objective 7.4: Strengthen the ability of local governments to deliver emergency messages to the public through systems such as Public Alerts, Wireless Emergency Alerts (WEA), Emergency Notification Systems (ENS), and the Emergency Alert System (EAS).			
Project/Initiative Name	Key Objective(s)	Lead/Supported by	Funding (Source/Amount)
7.4.1 PublicAlerts Website Enhancement and Program Promotion	Enhance the organization and content of the PublicAlerts.org website and implement sign-up drives.	Portland Bureau of Emergency Management and the Public Alerts Steering Committee	No Cost
