**INSTRUCTIONS FOR PARTNERSHIP, LP, LLC, LLP, JOINT VENTURE  
OR TENANTS IN COMMON/ENTIRETY RETURN**

1. Ordinary income is income before distribution to partners, on federal form 1065, line 22.
2. Add back Multnomah County business income taxes, and other income taxes, deducted to arrive at net income (line 1).
3. Add (subtract) Schedule K lines 2-4 and 6-11. Also add (subtract) any Oregon modifications related to business and other pass-through income (loss) by entities already licensed/taxed by Portland/Multnomah County.
4. Add all compensation (guaranteed payments, interest, wages and salary) paid to partners. Enter number of general partners and limited partners paid compensation and/or interest. **Members of LLCs shall be deemed general or limited partners by rule or policy (available by contacting the Audit Section).**
6. A deduction of up to 75% of the total income (line 5) is allowed but cannot exceed \$50,000 per partner listed on line 4. General partners of a limited partnership are considered owners and a deduction is allowed regardless of compensation paid. However, deductions for limited partners cannot exceed limited partner compensation included on line 4. No deduction is allowed if line 5 is a loss.

**Apportionment** (line 8 and line 18) **Multiple factor apportionment methods are not allowed.**

Gross income includes income (sales, service, interest, dividends, rentals and gains on sale of business property) from all activity within the applicable jurisdiction (City or County). With few exceptions, income in the City is also in Multnomah County. Income may be apportioned only if there is regular business activity outside the City/County. Services performed outside the City/County may be apportioned based upon cost of performance outside the applicable jurisdiction. Sales of tangible personal property may be apportioned only if a business has payroll or property outside the jurisdiction. For additional apportionment information, see administrative rules.

**MULTNOMAH COUNTY BUSINESS INCOME TAX**

8. County gross income includes income from all activity within the County (see apportionment instructions above). Enter the total gross income within the County as the numerator of the fraction and total gross income everywhere as the denominator of the fraction. Divide to determine the amount of business activity apportionable to Multnomah County.
10. A Net Operating Loss is allowed a carryforward of five (5) years. For NOLs generated from 1988 to 1992, a 15 year carryforward is allowed. The annual deduction cannot exceed 75% of the apportioned income for the current year.
13. Enter all prepayments (quarterly, extension payments and credit carried forward from prior years).
14. Enter all late and/or underpayment penalties which apply (see penalty calculation instructions below).
15. Interest on unpaid taxes is calculated at 10% per annum (.00833 x no. of months). Calculate interest from due date for each month or portion thereof, until tax is paid.
16. Total lines 12 through 15 to determine balance due or (overpayment) for Multnomah County Business Income Tax.
17. Identify overpayment for refund (not less than \$15) or credit (any amount) for next tax year. Amount may be divided between the two. Check box to apply credit to quarterly payment for next tax year.

**Penalty calculation** (line 14 and line 24)

A delinquent penalty of 5% of the fee/tax must be added if the report and fee/tax are filed past the due date. An additional penalty of 20% of the fee/tax must be added if the report and fee/tax is 4 months or more past due. Any report and fee/tax which is delinquent three or more consecutive years accrues an additional 100% of the fee/tax as penalty. Underpayment penalties may also be due, however, no underpayment penalties are due if a timely prepayment is made which is 90% of the total fee/tax due (City minimum of \$100), or 100% of the prior year's fee/tax.
