

CLEAN ENERGY SURCHARGE (CES) SCHEDULE

City of Portland Business Income Tax

ATTACH TO COMBINED TAX RETURN

BUSINESS NAME	ACCOUNT #
FEIN #	TAXABLE YEAR From: _____ To: _____

The Clean Energy Surcharge (Portland City Code 7.02.500 F) is applicable to Large Retailers defined in Portland City Code 7.02.100. This surcharge is 1% of Retail Gross Revenue earned within Portland. For all tax years starting on or after January 1, 2019, all taxfilers with total gross income of \$1 billion or more and Portland gross income of \$500,000 or more (as reported on lines 18a and 18b on your Combined Tax Return) must file this schedule with their Combined Tax Return.

To meet the definition of a Large Retailer subject to this surcharge, only the Retail Sales reported on lines 18a and 18b must exceed the revenue thresholds. If you reduce the sales reported on lines 18a and 18b by your non-Retail Sales (refer to BTAR 500.19-4 for more information) and you no longer exceed either threshold, you are not subject to the Clean Energy Surcharge. However, you are required to file this form even if you are not subject to payment of the surcharge.

Any taxfiler that meets the definition of a Large Retailer must determine their Retail Gross Revenue subject to this surcharge. To calculate your Retail Gross Revenue, reduce your Portland Retail Sales by all Retail Sales of Qualified Groceries, Qualified Medicine or Drugs, or Qualified Health Care Services (refer to BTAR 500.19-2 and BTAR 500.19-3 for more information). You are also allowed a deduction for the portion of the Business License Tax paid on your Retail Gross Revenue.

The amount of surcharge due reported on Line 9 of this form should be entered on Line 22d of your Combined Tax Return. You do not need to send a separate check for this surcharge.
