

**Due to the cold and wet weather expected this week, Coordinated Campsite Cleanup Program activities are amended this week at the request of the Joint Office of Homeless Services.**

**Locations that were posted on Friday, December 2<sup>nd</sup> will be visited by our contractors to remove trash and waste identified by campers at those locations. Campers will not be asked to move, nor will their property be taken into storage.**

**Locations that we were not able to be clean this week will be reposted and regular Campsite Cleanup activities will proceed next week.**

This week we received 277 new campsite reports, of these, 80 were reports of people living in their vehicles throughout the city. To date, we have received reports of 465 different vehicles in which people are living.
