 - *Campsite removals indicate personal property has been removed and placed in storage. Cleanups mean no personal property was collected, only what was identified as garbage in addition to other biohazardous materials.
- Completed approximately 312 assessments—engaging with people living in camps, collecting garbage and biohazardous materials, and coordinating with service providers.

This week we received:

1024 new campsite reports identifying 205 active campsites throughout the City.

Of these reports:

- 357 were reports of people living in vehicles.

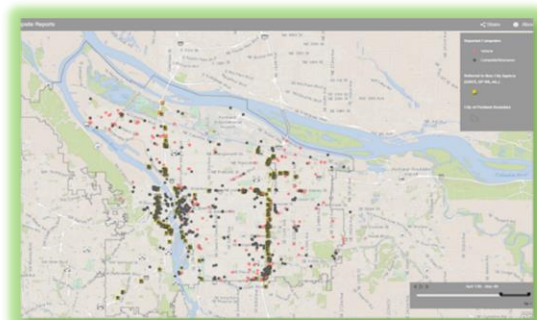

Due to COVID-19, HUCIRP has developed this protocol with regard to campsite cleanups:
