

## **Pedestrian Crosswalk Enforcement Actions**

The City of Portland Bureau of Transportation, Portland Police Traffic Division, and local pedestrian and bicycle groups conduct "crosswalk enforcement actions" throughout the City. Each crosswalk enforcement action is an opportunity to educate community members about Oregon crosswalk laws and to enforce the law.

A crosswalk enforcement action includes one or more pedestrian decoys strategically positioned at locations that have marked or unmarked crosswalks and a fair amount of pedestrian activity. Drivers that fail to stop for pedestrians in the crosswalk can be issued a warning or given an approximately \$260 citation. Pedestrian that jaywalk can also receive a warning or an approximately \$110 citation. Crosswalk enforcement actions are conducted monthly.

The Oregon Crosswalk Law (ORS 811.028) states that "Motorists are required to stop and stay stopped for pedestrians in a marked or unmarked crosswalk when the pedestrian is in the motorist's lane or the adjacent lane." Drivers must stop and remain stopped until pedestrians crossing the street clear the driver's lane plus the lane before and the lane after the driver's lane. When making a turn at a traffic controlled intersection, motorists are required to stop lane plus 6' for a pedestrian. In addition, motorists are required to stop curb to curb for a blind person with a seeing eye dog or white cane.
