

WHY WE CARE

Portland! We all know it's a beautiful city to live in. Did you know it's also the **best city for bicycling and walking***!

It's no surprise that more people are discovering Portland's parks and paths. Some like to walk for exercise. Some like to bike for their health. Many walk and bike as great ways to get from here to there. And of course, walking and biking Portland's off-street paths is **fun!**

We've put together this brochure to help make sure that walking, bicycling, skating and strolling is **fun and safe for everyone**. We all know it's important to **share the road** – but it's just as important to **share the path**.

Please take a few moments to learn these tips, and share them with your family and friends. As Dr. Seuss reminds us, "*Look at me now, it's fun to have fun, but you have to know how!*"
