

# Timbers Game Day Transportation, Parking Information

**Dear Timbers fan:**

**The City of Portland and TriMet are asking fans to consider their transportation options and parking decisions before game day to keep streets and transit running smoothly. TriMet is running extra service and expecting crowded buses and trains, and the City of Portland is encouraging drivers to park downtown and walk or use an express bus to get to the game instead of parking in neighborhoods near the stadium.**

**Walking and bicycling are great options, too, as well as coming early or staying late on game days to avoid crowds.**

**Please check out transportation and parking information online to help make your Major League Soccer experience memorable.**

**Go Timbers!**

For ADA Title II or Civil Rights Title VI Accommodations, Translation/Interpretation Services, Complaints, or for additional information, call 503-823-5185, TTY: 503-823-6868, or use Oregon Relay Service: 711.

# Timbers Game Day: Transportation, Parking Information

## **MAX Blue and Red line**

TriMet is running extra MAX service on game days, but please be patient and expect to wait for a train as trains can only hold about 300 people. JELD-WEN Field is outside the [Free Rail Zone](#), so you must have a [valid fare](#) before boarding MAX. The MAX station serving the stadium is across the street from the northeast stadium entrance. The Kings Hill/SW Salmon St MAX station will be closed 90 minutes before and after the game.

## **Buses 15 and 20 are great options and will be running on normal schedule**

### **Express bus between downtown and JELD-WEN Field**

If you're parking downtown or coming in to town on a MAX Green or Yellow line train, you can catch an express bus to JELD-WEN Field at SW Morrison & 5th or SW Morrison & 10th. Buses will be running frequently 90 minutes before and after each game. After the game, catch the bus across the street from the northeast stadium entrance and be dropped off at SW Yamhill & 9th, Pioneer Square and SW Yamhill & 4th. Express bus trips are \$2 each way, unless riders already have valid fare.

### **Parking downtown is easy**

Instead of parking in neighborhoods near the stadium, the City of Portland is encouraging Timbers fans to park downtown at [SmartPark](#) or one of the many private parking lots. Consider walking or using TriMet's express bus between the stadium and major downtown stops.

### **Parking in NW Portland and Goose Hollow is discouraged**

There are parking restrictions in Goose Hollow and Northwest Portland to discourage fans from parking in neighborhoods so residents and business patrons have access. Timbers fans who choose to park in signed parking zones around the stadium for longer than 90 minutes on game days may receive a \$60 citation. A game parking map is available at [www.portlandonline.com/transportation/timbers](http://www.portlandonline.com/transportation/timbers).

### **Walking and Bicycling**

Walking and bicycling to the game is fast, easy, cheap and great exercise. Bike parking will be located on SW Morrison Street and SW 18th Avenue. Bike parking for season ticket holders is sold out, and there will be a limited number of spaces available for non-season ticket holders. Walk/bike maps are online at [www.portlandonline.com/transportation/timbers](http://www.portlandonline.com/transportation/timbers).

### **Drivers should plan ahead, be cautious**

Streets and sidewalks are expected to be crowded on game days near JELD-WEN Field. Fans choosing to drive should be safe by following signs and police direction, driving slow and being patient. To save time and avoid traffic congestion, make a plan before leaving home or work for where you will park downtown and whether you can use TriMet's express bus or walk to the game.

### **Come early, stay late**

Great shopping, dining and entertainment opportunities surround JELD-WEN Field. Local bars and restaurants welcome Timbers fans before, during and after games to enjoy all that Northwest and Goose Hollow have to offer. Plus, TriMet is expecting crowded trains and buses so any help to ease the pre- and post-game rush to board transit is much appreciated. Late evening train service comes less frequently – every 35 minutes – with the last train stopping at JELD-WEN Field station just after 11:30 p.m.
