

# Parking Day Permit Requirements

Applicant name \_\_\_\_\_

Applicant phone number \_\_\_\_\_

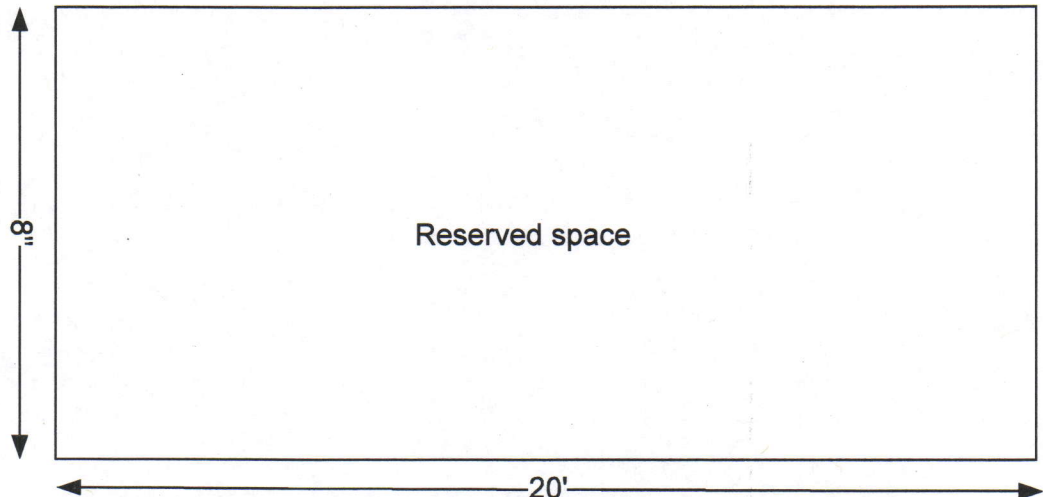

STREET NAME:

In this drawing please show space on block where space will be reserved.

- This drawing must be submitted with your request and approved by a City Traffic Engineer before permit can be issued.
- Space must be emptied of all "park items" at end of reserved time.
- Vehicles must be **legally** parked while loading/unloading contents for your space. **NO DOUBLE PARKING!**
- All "park items" and traffic warning devices must be contained within the 8'x20' space.
- Permit fees can't be waived
- **If you violate any terms of this permit or do not follow directions from a police officer or parking enforcement officer your permit will be revoked, and all contents in the reserved space may be summarily abated.**

Traffic lane

**Please describe barrier separating traffic and pedestrians.**

**Please describe what precautions you are taking to warn vehicles parking adjacent to reserved space.**
