

YOU'RE INVITED: NE/SE 20's BIKEWAY

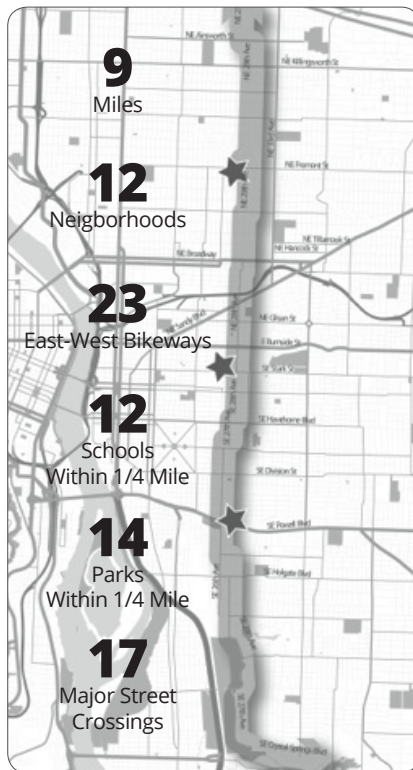

A major addition to Portland's bicycle network is underway. The NE/SE 20's Bikeway will extend 9 miles, running along streets generally between 26th and 29th avenues. The bikeway will connect numerous neighborhoods more safely to schools and other local destinations.

Join the discussions with PBOT project staff and share your feedback at any of our three open houses:

- Route alignment options
- Design options and issues like on-street parking
- Crossing improvements at major streets

For more information:

www.portlandoregon.gov/transportation/20sbikeway
