Spring 2017

Dear Safe Routes Supporter,

Thanks so much for placing an order with our SmartTrips to School program! We are excited so many parents and caretakers are interested in learning more about how they can get to school by foot or on wheels.

You noted on your order form that you are interested in receiving more information about **volunteering for Safe Routes to School**. We wanted to share some ideas on how to get started, and also connect you with a coordinator focusing specifically on your school. They are here to help support you in activating big and small ideas.

On the backside of this letter is a “menu” of ways to spread the good word of Safe Routes at your school. There is something for every type of volunteer, from passing out walking and biking safety tips at a school event, to helping students and families participate in the Walk + Roll Challenge Month celebration. If you have other ideas on how you would like to participate, get in touch with the coordinator working in your high school cluster and they can help!

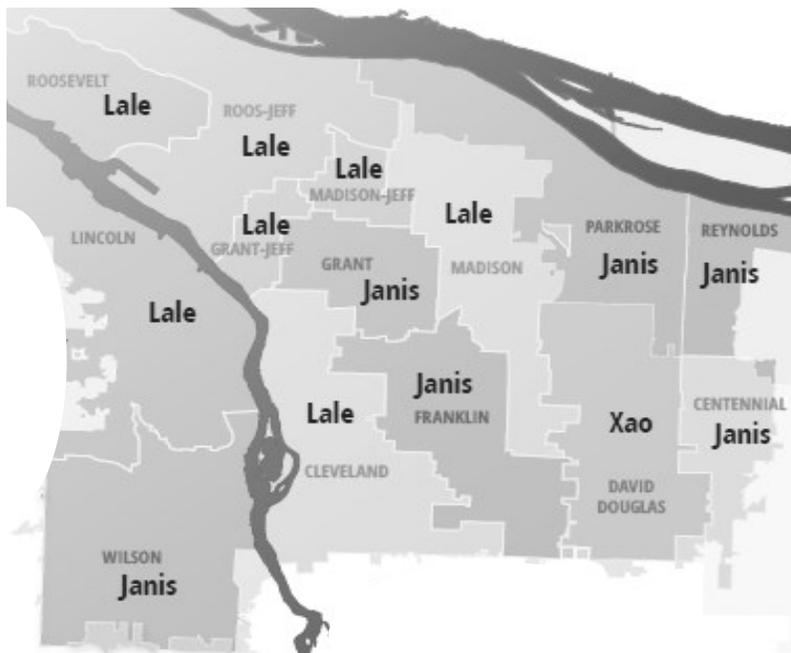

Thanks so much for your interest and support. We'll talk to you soon!
