

SAFE ROUTES TO SCHOOL TRAVEL SURVEY

Thank you for completing this short survey about how your student travels to and from school. The survey should take about four minutes to complete. **Your responses are completely confidential.**

Safe Routes to School is a program at your student's school that helps promote safe transportation habits through education and engineering (new crosswalks, for example). We survey parents and guardians in the fall and spring of each school year as a required part of the Safe Routes to School program. Responses help us make improvements.

This survey should be completed by the parent or guardian of the student. If you have more than one student in your house, please respond for **your oldest K-8 student**. When you've completed the survey, please mail it back to the City of Portland in the envelope provided. Return by **November 10th** to be entered to win one of four prizes, including rain gear for your student or a \$50 gift card!

Take the survey online at SafeRoutesPortland.org/survey (where you will also qualify for the prize drawing).

First, we'd like to know a little about your family.

1. What school does your oldest K-8 student attend? _____

2. What is your student's grade? (circle one)

K 1 2 3 4 5 6 7 8

3. What is your student's gender? Please fill in the blank. _____

The next question refers to how your oldest K-8 student traveled to and from school.

4. Think about how your student traveled to and from school last week (Monday to Friday). Show how they went to school and back home after school for each day of the week by selecting one mode for each direction.

(check boxes that apply)	Going to School						Going Home				
	Day of the Week										
	M	T	W	TH	F		M	T	W	TH	F
Walk											
Bike											
Scooter/Skateboard											
School Bus											
Family Vehicle (car/truck)											
Carpool (riding with another family)											
TriMet (bus/train)											
Other											

The next few questions will help us learn how you, as parents/guardians/caregivers, feel about allowing your student to walk or bike to/from school.

5. Do you allow your student to **WALK to/from school?** (check all that apply)

- No
- Yes, by themselves
- Yes, with a friend or sibling
- Yes, with me or another trusted adult

6. Do you allow your student to **BIKE to/from school?** (check all that apply)

- No
- Yes, by themselves
- Yes, with a friend or sibling
- Yes, with me or another trusted adult

7a. From the five comments below, please pick the one that best describes how often you allow your student to walk or bike to/from school. (check one)

- Walking and biking to/from school is not an option for my student.
- My student always walks or bikes to/from school.
- My student walks or bikes as much as our schedule permits to/from school.
- My student occasionally walks or bikes to/from school.
- My student never walks or bikes to/from school.

7b. From the list please select factors that limit the amount of walking and biking that your student does: (check all that apply)

- Parent(s) work schedules
- Household routines/schedules
- Weather
- Distance (school is too far away)
- Student does not enjoy it
- Parent does not enjoy it
- Poor walking or biking facilities (lack of sidewalks, bike parking)
- Concerns about traffic safety
- Neighborhood safety/crime ("Stranger Danger")
- Child's ability to walk or bike safely
- Other _____

8. In your opinion, how much does your student's school encourage or discourage walking and biking to/from school? (check one)

- Strongly Encourages
- Encourages
- Neither Encourages nor Discourages
- Discourages
- Strongly Discourages

9. Before receiving this survey, were you aware that the Safe Routes to School program is being offered at your student's school? Yes No

10. Has the Safe Routes to School program helped increase the number of trips to/from school or other destinations that you or your student make by walking or by biking? Yes No

If Yes, which of the following Safe Routes to School programs have helped the most?

- Education (bicycling/walking safety education at school)
- Encouragement (activities such as: Walk+Bike to School Day, Walk+Bike Challenge Month, etc.)
- Engineering improvements (new crosswalks, bike parking, speed bumps, etc. at or near your school)
- Police enforcement of traffic laws around the school
- Other _____
