GROWING TRANSIT COMMUNITIES PLAN

Community Advisory Group (CAG) Wednesday, January 6, 2016 6–8PM

Meeting #2 Corridor Maps Activity: Help identify needs

Goals:

- Engage in the corridors
- Identify needs and deficiencies
- Identify focus areas that need extra attention
- Identify opportunities

Issues to consider:

- Where is it difficult to cross the street?
- Are there important crossing needs that we should identify?
- Do you use a bus stop in this area?
 - Are there needs there that you know of? Or getting to/ from there?
- Are there bike-related deficiencies that you know of?
- Are there important missing sidewalk gaps anywhere in particular?
- Are there lighting concerns anywhere in particular?
- Are there specific areas where traffic speed has negative effects?
- Are there bus stops that need improvement (benches, garbage can, etc.)?

Guidelines:

- Share the speaking time with others in the group
- If you have a lot to say, feel free to write those thoughts on sticky notes
- This is a rolling process, not your one shot! If you come up with something later, you can call or email us anytime or bring it up in another meeting
