

N. Willamette Blvd Retaining Wall Project

Week 2 | 5/30 – 6/3

Work Completed This Week

- Partial demolition of structure on bluff side
- Drilling equipment mobilized to job site
- University of Portland detour signs added

Work to be Completed Next Week

- Start drilling shafts for soldier piles
- Retaining wall soldier piles to be installed
- Filling voids under existing retaining wall at east end

From the Project Team

Thank you for your patience and understanding during this construction project. We understand that the closure of Westbound N. Willamette Blvd has increased the traffic load on the other streets in the neighborhood. Our traffic engineers and signals engineers continue to monitor the traffic in the area and will look to improve the conditions as much as possible.
