## ***Introductions/Announcements***

**6:00**

### **Fixing our Streets**

**6:10**

Todd Liles, Norberto Adre and Steve Szigethy from PBOT are all managing Fixing Our Streets projects with significant bicycle transportation elements. Still early in the process, they will seek feedback on PBOT's preliminary thinking about key projects.

### **Growing Transit Communities**

**7:10**

PBOT has been leading a multi-agency effort to identify and prioritize the most beneficial improvements that would make getting to and using the bus safer and more convenient in areas served by lines 20, 77 and 87. Plan objectives include creating conditions to increase transit ridership by, in part, increasing bicycle and pedestrian access to transit by addressing network gaps and barriers. This Transportation Growth Management-supported project will produce investment plans to achieve the ultimate goals. April Bertelsen and Zef Wagner from PBOT will present the project. They will be seeking the BAC's endorsement.

## **Adjourn**

**8:00**

Good bicycle parking is available in the south loggia of the Portland Building. For Committee members who *must* drive, validated auto parking for any Smart Park garage is available.
