Autonomous vehicles are coming faster than many people are aware. Transportation System Plan Stage 3: Mode Split Targets

6:40

Portland Bureau of Transportation is proposing amendments to the Commute Trips Mode Share targets in the TSP. The proposed change will reduce the **Commute** target for bikes. The TSP will support the 25% vision from the Portland Bicycle Plan for the **All Trips** mode share. Peter Hurley and Judith Gray from PBOT Planning will discuss the analysis used to develop this proposal. A [TSP Stage 3 Discussion Draft](#) has been available since May; public comment officially ended on July 21. However, because this is the first opportunity to present this to the BAC, PBOT is extending the public comment period for the BAC to Aug 11.

Legislative Changes affecting Transportation in Portland
