TSP Objectives crosswalk: rational for proposed deletion

As part of the Transportation System Plan Stage 3 Proposed Draft released on August 18, 2017, the TSP Objectives are proposed to be deleted, modified as sub-policies, or moved to an implementation strategy section. The rationale for moving or removing Objectives from the TSP is to improve consistency with the City’s most recently updated high-level policy documents; neither the Comprehensive Plan, nor the Central City 2035 Plan have Objectives.

Table 1 below explains the rationale for the proposed removal of these Objectives. The first column contains the Objective number that was in the Transportation System Plan Stage 3 Discussion Draft released on May 19, 2017. The second column shows the adopted Comprehensive Plan policy or goal that addresses the Objective. The final column provides the rationale for the proposed removal of the Objective (i.e. the objective is sufficiently addresses as a Comprehensive Plan policy or goal; it is part of another adopted plan, it is part of an existing program, etc.).

Questions about Objectives can be addressed to:
