NOTES:

- For use on low volume residential street.
- Contractor shall have a copy of the traffic control plans on site at all times.
- Provide and maintain access at all times for residents and businesses.
- All sign spacing to be 100 feet (maximum).
- Cone off work zone with 28-inch tall cones (minimum) or tubular markers with 20 foot spacing (maximum) on taper or 10 foot spacing (maximum) on corner radius.
- Remove on-street parking as necessary, to maintain a 10 foot lane width for each traffic lane within 50 feet of work zone.
- Close crosswalk, as needed, with Type II barricade and Crosswalk Closed signage. Close only one crosswalk at any time.
- Sign placement shall not restrict safe pedestrian and bicycle access.
- All TCP plans and signage requirements shall conform to current MUTCD.
