Standard Drawing No. P-630    Calculation Book No. n/a

Drawing Title: Overhead Cable Pole Connection Details

Background Information, Including Reference Material:
This standard drawing evolved from the Bureau of Traffic Engineering Standard Detail Drawings ("D" series drawings) developed in the 1960’s and refined periodically into the mid-2000’s. In particular this drawing connects back to detail drawings D-409S and D-409W.

Assumption Made:
The standard drawing excludes elements commonly provided by the manufacturer with the expectation that those components meet the appropriate structural and electrical codes.

Design Narrative:
This standard drawing denotes the desired overhead cabling attachment and drip loop specifications onto wood and steel poles.
