

# Every One Rides

## Adaptive Cycle Event at Sunday Parkways

---

**June 24, 2018**  
**11 a.m. – 4 p.m.**

**Harper's Playground**  
**at Arbor Lodge Park**  
**2525 N Dekum St., Portland**

**Free and Open to all Families!**

This family-friendly, youth focused event, is an opportunity to try several types of adaptive bicycle technology and devices that assist children in physical activity.

We'll provide a small, blocked-off location, adjacent to Harper's Playground where families can gather to try out the adaptive bicycles, meet and share with other parents, and be a part of the Sunday Parkways spirit, while still having their own space to ride.

Please bring a helmet (we may have a few on hand).

---
